# WELCOME

Let your tongues hang out

**THANKS, READERS.** Seriously, last month the sales figures came out for all the mags in Britain, and, along with the Radio Times and Take A Break, FRONT was one of the few to show a sales rise. We couldn't have done it without you lovely mofos. We know that's probably stating the obvious, but we still thought a thanks was in order. In fact, if you pop down to your local offie, there's a bottle of champagne waiting for you. Go on, we've paid for it. Just grab whichever one takes your fancy, show it to the bloke at the counter (really fucking fast, jabbing it into his stupid eyes) and leg it.

You might as well raise a glass while you're at it to this distressingly ace issue of FRONT. It's crammed with a portion of Biffy, a helping of SuBo's hairy balls and a feast of girls in killer trainers. There's so much goodness you could live off it for a month without food or water. Give it a go, why don't ya?

RANTS AND RAVES FROM READERS

*Front Reader*  
WE SALUTE  
YOU

GEORGE, 20, AKA JAMUEL L SACKSON

WE SALUTE FRONT READERS WHO'VE DONE A GOOD DEED, SURVIVED A 'MARE, OR THINK THEY SHOULD GET A HIGH-FIVE FOR SOMETHING TRIVIAL

George deserves the title of Reader Of The Month for his Facebook name-changing quest – if his group gets 100,000 members, he will legally change his name to Jamuel L Sackson.

It seems to be working. "I was in a club the other day, and some random came up to me and said, 'You're the guy from that Jamuel L Sackson group,'" George told us, adding "LOL."

Join George's group at [is.gd/8100Z](http://is.gd/8100Z) and check out his art at [georgerowson.wordpress.com](http://georgerowson.wordpress.com)

## STAR LETTER

### A SEXED READER TEXTS...

FRONT. On the cover of issue 139 the words 'Buy this mag and have sex today!' are displayed. Well, guess what? I bought it and got my bonk on on the same night. For that, I thank you greatly, you bunch of class bastards.

DAVE, VIA TXT

What can we say, Dave, you sex-having legend? We're givers. We're expecting our next issue, with the cover line 'Buy this mag and poo uncontrollably for a year!' to fly off shelves. It's gonna be incredible.

LETTERS WIN PRIZES:

The month's finest ramblings will be rewarded with a colossal crate of Magners Pear Cider. How'd you like them apples? Well, pears. Whatever.

## A WANKER WRITES...

To make a girl happy, I said I would wank over naked photos of her every day for a year. I don't think she thinks it is that special. Do you?

**JONY, VIA TXT**

We've got a feeling this was a message intended for Von, but we'll answer it anyway. Are you ready? Here goes: not really.

## ME HAVE AM JOB?

P45  
Part 2

Dear FRONT, my job is proper shit. Can I have a job at your magazine? I don't have any journalistic skills or qualifications, but I doubt any of you lot do either, so it'd probably be okay. Let me know. Cheers.

**SAM, CARDIFF**

Hi, Sam. We'll totally give you a job. The thing is, you'll have to give all of us a, er, job first. It's very hands-on, working here, if you know what we mean. We're being rude.

## FRONT RUINS READER'S LUNCH

What's with the 20p price increase, FRONT? I had to go to my lunch break without a Fudge, you bunch of fucking dicks!

**ARRAN, PERTH**

Sorry, Arran, but these things sometimes simply have to happen. What you should do is buy multipacks of Fudge bars, and pack them in your bag instead. If you need help, ask around to see if a more experienced fudge-packer can give you a hand.

## MATE IN A STATE: DAVE IN A GRAVE?

Dear FRONT, do you ever check if your Mate In A State victims are alive? They often appear dead.

**CORMAC, VIA TXT**

We don't, actually. We kind of assume you'd have to be a proper shitbag to send photos of your friend's corpse into a magazine. Although, that said, when there's the chance of a free Xbox 360 involved, people can be really fucking mean...

## WHAT A WALL-Y

FRONT, my girlfriend of two years has broken up with me because I've got covers of your mag lining my bathroom walls. The last Vikki Blows one flipped her over the edge. As a result, I'm going to a Jamie T gig with her close friend who looks a lot like Emily Laser. You should definitely go into producing rolls of FRONT wallpaper and stuff.

**JON ROMAN, VIA E-MAIL**

That could be ace, Jon. We've been considering going into home furnishings for a while, and are toying with bringing out FRONT rugs, Alex Sim-Wise lampshades and World's Biggest Cunt skirting boards. Head to IKEA in 2012.

## ROSS IS NOT OKAY

I received a text from celebrity periodical OK! telling me that I had won a 50" plasma TV and an Xbox 360. I was sure it was a mistake as I don't read that shit, but they assured me it wasn't, and agreed a time for next-day delivery. I've just received a text saying that it was the wrong number.

Can you send me either a 50" plasma telly, an Xbox 360, or

Vikki Blows?

**ROSS, VIA TXT**

Hi Ross. Nope.

# FAQ

YOUR BURNING QUESTIONS ANSWERED

## Q - WHY ARE FARTS SOMETIMES EGGY?

**A** IT'S ALWAYS A WEIRD ONE, when you bust out a lift-clearing egg yolk of a bum-cough, yet can't remember when you last ate an egg. The scientific shizzle behind it is that an egg whiff is caused by a mixture of skatole (which smells like poo) and hydrogen sulphide

(which smells like eggs) in the gut. Hydrogen sulphide can be formed from any food containing sulphur, like most meats, cauliflower, eggs and other farts. Interestingly, hydrogen sulphide is thought by some to have been instrumental in making dinosaurs go extinct, so every time you foof one out, a velociraptor's ghost cries.

## Q - DO ANIMALS EVER COMMIT SUICIDE?

**A** NO, BUT SORT OF kind of yes, in a way. It's all down to awareness of death. As people, we know that if we down 40 Lemnips and half a shandy, we'll be knocking on the Pearly Gates, but what kind of concept of mortality do animals have? Dogs often become a bit gutted if their master dies, and refuse to eat, eventually shuffling off this mortal coil. It's not actually suicide, though – although displaying no zest for life, a dog is completely unaware their actions will inadvertently lead them to death. This goes the same for bee stings, exploding termite soldiers and spiders copping off with black widows – certain death, but no personal intention to die.

TRUE  
OR FALSE

NATALIE HAS A FEAR  
OF CLOWNS.

TRUE: We've got a mate who's scared of clowns too. It comes from the time he went to the circus and a clown killed his dad.

WANT IT ALL

THIS IS LOVING LADY Natalie Blair. The 19-year-old from Carlisle is the kind of girl you'd take home to meet your parents, and they'd like her, but then halfway through Sunday lunch your mum would notice your dad had been looking at Natalie and dribbling, and your mum would hit your dad, and your dad would cry, and the day would be ruined. Other than potentially wrecking an otherwise lovely weekend, Natalie's other talents include sharing a name with a former Neighbours star befriending robots and looking very fit while wearing astonishingly little. Yeah, Natalie's pretty awesome.

FALSE: Norm Peterson from Cheers will appear behind you and give you a reach-around instead.

## TRUE OR FALSE

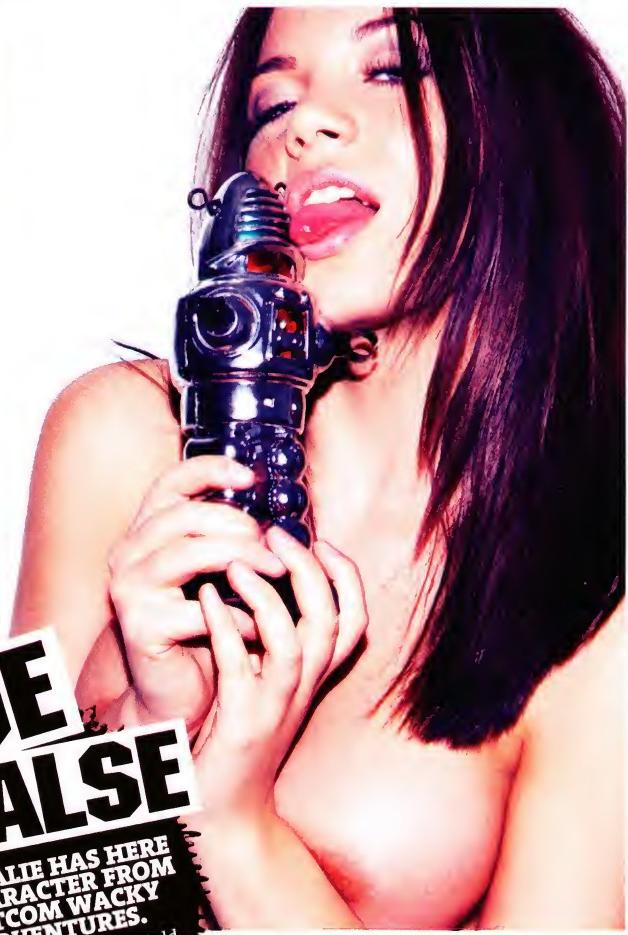

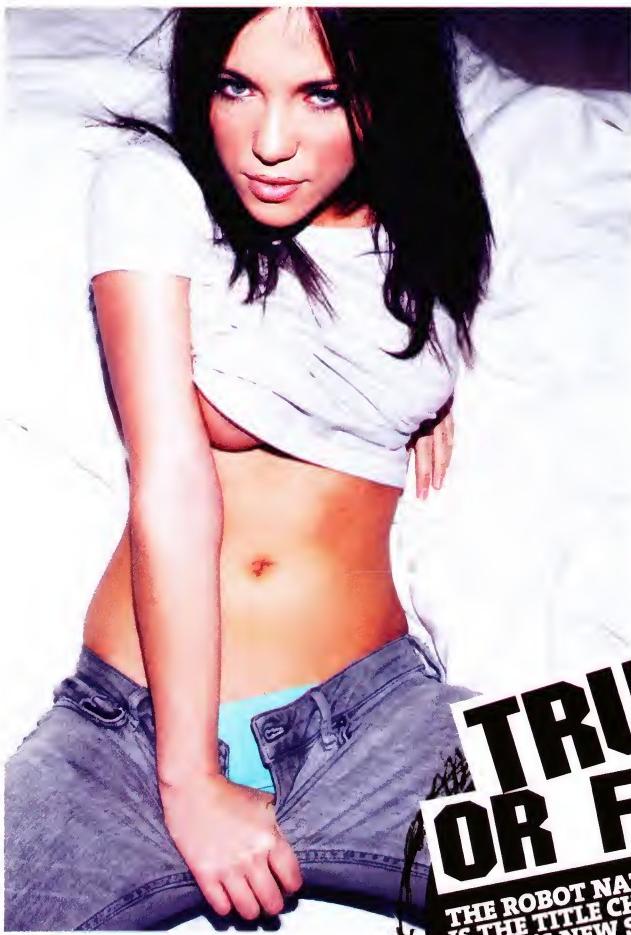

NATALIE USED TO STAR IN NEIGHBOURS AS CARMELLA CAMMENITI BUT WAS EVENTUALLY SACKED FOR REPEATEDLY TRYING TO FINGER HAROLD BISHOP BETWEEN SCENE TAKES.

FALSE: That was a different Natalie Blair, and she wasn't sacked, she left to pursue a film career. Also, our Natalie doesn't suffer from chronic fatigue syndrome like the other one does.

## TRUE OR FALSE

THE ROBOT NATALIE HAS HERE

FALSE: Natalie likes robots, though – she told us her favourite was Optimus Prime. Then again, Optimus Prime is technically an alien (who is a robot), but if we were on the planet of Cybertron, he wouldn't be the alien... we would be.

# TRUE OR FALSE

NATALIE IS YET

# KICK-ASS: THE BEST COMIC BOOK MOVIE EVER?

**COMICS AND FILMS** are as different as poo and chicken, and, as anyone who's ever roasted a poo will tell you, a great example of how one thing doesn't always translate to a great example of another. Brill examples like Iron Man and The Dark Knight are exceptions – most comic-book films are awful piles of swill, as anyone who's made it through Catwoman, Hulk, either of the Fantastic Four films or the abomination that was Batman & Robin can confirm.

Kick-Ass, however, is un-fuck-upable. It's one of the most cheerfully violent, swearing, hilarious comics we've read for ages, and it's so

gloriously offensive that it actually seems like it would be harder to get wrong than right. Written by sweary Scotsman Mark Millar (who did Wanted, Superman: Red Son and The Authority), the film rights were sold before the first issue had even come out. FRONT had a chat with Millar, as well as a good old look through the film's official Illustrated Companion. Here's what we found out...

**I&A**  
Mark Millar  
(Writer)

Quite simply, you make it as brilliant as possible. It sounds daft, but a lot of people settle for churning out any old rubbish, rather than focusing on proper awesome stuff.

#### HOW DO WE AVOID WRITING SHITTY DRIVEL, THEN, EH?

Avoid writing for an audience, and just write good stuff for yourself. Too many people set out to write something that's instantly pleasing to everyone, rather than concentrating on what they think is great.

#### HOW DO YOU CHANGE AN IDEA INTO A SHELF-FLYING OFF BESTSELLER?

When I was at school, comics were very niche and everyone had to pretend they liked football or they were a big freak. Then the internet proved that there's some serious demand for this stuff. That's where clever viral marketing comes in. With Kick-Ass, me and some mates came up with this viral campaign which had the tagline 'FUCK CRIME'. From there it just blew up big time.

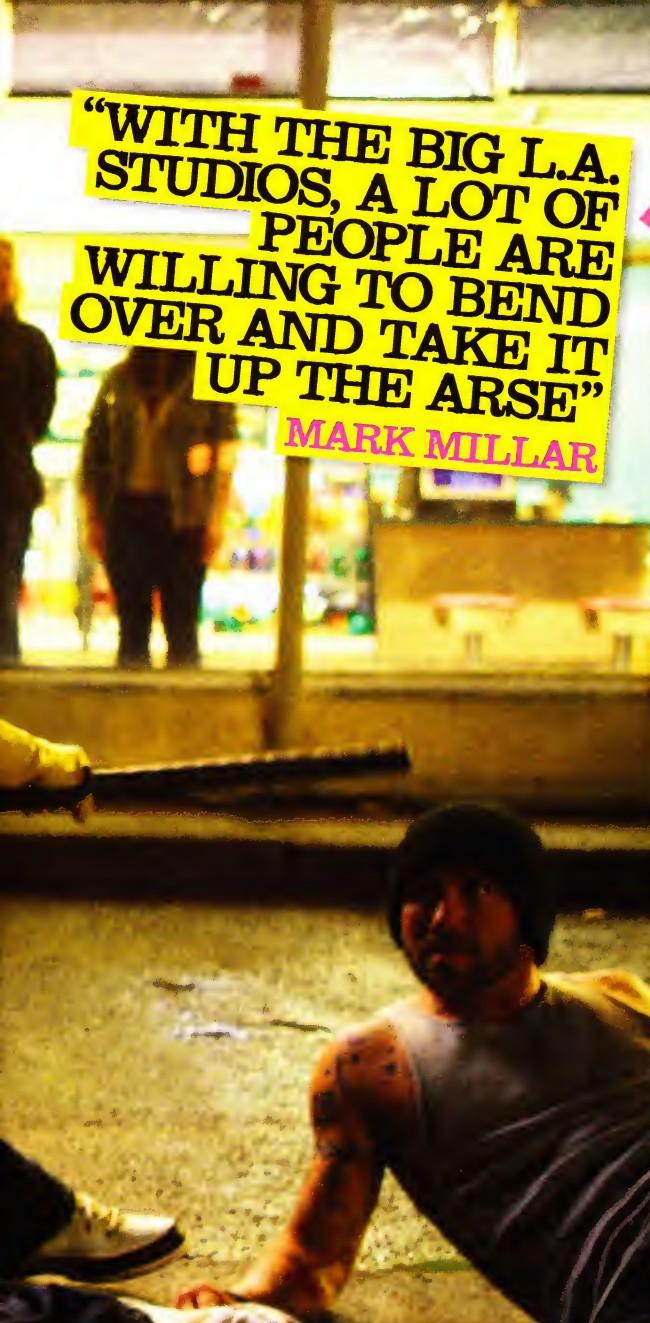

#### DO YOU TURN INTO A RIGHT PICKY SWINE WHEN YOU SEE FILMS BASED ON YOUR COMICS?

Oh, absolutely. I'm a pretty laid-

back person, so I was surprised to find out that I'm actually incredibly picky. The great thing with stuff like Kick-Ass is that I own all the rights, so I can call the shots. With the big LA studios, a lot of people are willing to bend over, take it up the arse and do what they're told, so it's good to be able to have none of that. One of the other good things about still being based in Glasgow is that I have nothing to spend my money on. Occasionally I'll have some extra curry sauce on my chips, but that's as good as it gets...

"WITH THE BIG L.A.  
STUDIOS, A LOT OF  
PEOPLE ARE  
WILLING TO BEND  
OVER AND TAKE IT  
UP THE ARSE"  
MARK MILLAR

## POW? THWAK? WALLOP? ZAP!

**WE LOVE BUBBLES.** Not the wacky sod from BB2, and definitely not that chimp that bummed Michael Jackson in the '80s. What we're talking about is good old-fashioned soapsuds, fired out of a cannon in a sweaty club full of ravey loopsters.

Good job, then, that we've teamed up with super-ace clothing dudes Babycakes on ZAP!, a kick-ass new monthly night in Camden Town, London, where they've got a machine that fires them out all

night long. The first event is on Sunday 28 March at Camden Barfly. Expect heavy-as-cake electro from champion DJs, plus a few special guests as well. Oh, and there's a super-limited T-shirt-and-ticket bundle available too, where you can pick up one of these garms plus entry to the venue for £25. Ace.

And remember, kids, the event is 14+, and you'll have to bring ID to make sure you get in. More info at [zaptheclub.com](http://zaptheclub.com)

## SLAM DUNK THE FUNK

Heading up the bill of pantsmazingly exciting acts are newly reformed punk legends Capdown, who are joined by mega rockers New Found Glory [above], The King Blues, Four Year Strong and Set Your Goals. Basically, it looks fucking ace.

FYI

This year's festival takes place on Saturday 29 May in London, and Sunday 30 May in Leeds, with more than 40 bands playing to 10,000 grubby fans on seven stages. [slamdunkfestival.com](http://slamdunkfestival.com)

ABOUT

BINGO IS THE  
GAME OF THE  
DEVIL!

**WHERE:** Top-secret location, Brighton.

**WHO DERE?**

Moshers, ravers, burlesque girls, and dudes in freaky masks.

**BEST BIT:** Hot girls getting mega-wasted and drawing all over each other.

**WORST BIT:** Some chap walking

backwards off the stage. It's okay, though, he didn't use his legs much anyway.

**THE LOOK:** Loopy-hipsters with shitty drawn-on bingo pen tattoos.

**DRINK OF CHOICE:** Everything.

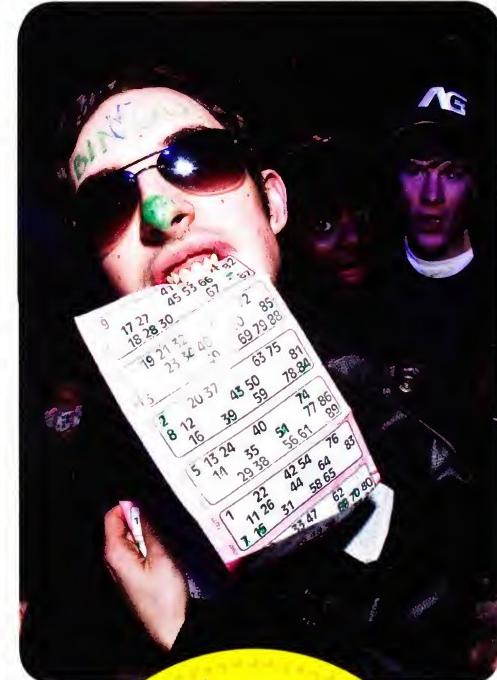

**DRUNKEN LUNACY RATING:** Nine fat ladies out of ten.

**BINGO OFTEN SUCKS BALLS.** And we're not talking about the nice brightly-coloured ones with numbers on that make you rich – we're talking about big hairy SuBo-style knackers swinging around in your undercrackers. It's just so *boring* (except for the sandwiches and the sexy old ladies).

At long last, though, some seaside geniuses from Brighton have done the right thing, and turned dull old ball-crunching into something magical and wonderful by way of adding a kick-ass underground venue, copious amounts of booze and some dirty drum'n'bass into the mix.

It's all down to Underground Rebel Bingo Club, a string of strictly top-secret shindigs created by Luki and Anita, two burlesque dancers, and hosted by James Flames and Freddie Fortune, who all share the simple, beautiful vision of playing "dirty hardcore motherfucking bingo, together with loud music."

All that sounds a bit too wrong to us. The last time we saw anything you could describe as "dirty hardcore motherfucking", we spent the next three hours sitting under a cold shower rocking backwards and forwards and crying. In fact, the last time we went to bingo, we're sure the old woman sat in front of us was one of the stars.

THIS MONTH...

## HOLIDAY WITH YOUR 'RENTS'

YOU'VE TAGGED ALONG ON AN EASTER BREAK TO SPAIN WITH YOUR DEAR OLD MA AND PA. BUT HOW'S IT ALL GOING? FIND OUT WITH FRONT'S HYPER-ACCURATE SCORECARD SYSTEM!

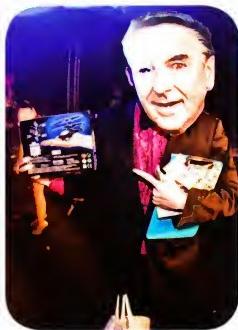

**-250** You arrive in Spain to find that you and your dad's luggage has been lost by the airline. All the local clothes shops are closed for the annual festival of El Nudey Diablo, so you both spend the week tottering about in your mum's bikinis and glittery flip-flops. By Friday you're both having menopausal flushes and gazing longingly at the bronzed arse of Pablo the pool-boy.

**+220** Mum and Dad fall asleep on the beach, and return to the hotel looking redder and crispier than burnt bacon. Seizing on their weakness, you smack them about their raw face and legs until they agree to a series of demands, including Mum getting 'Dad' tattooed on her forehead, and Dad getting 'Mum' tattooed on his. Finally!

**-140** Your parents are doing your head in so much that you're soon formulating a plan to murder them and dispose of the bodies. Little do you know, they're thinking the exact same thing about you. It's kill or be killed. You can probably take your dad down, but Mum's got one fuck of a throat-punch on her...

**+350** After one too many sangrias, you strangle a sleazy waiter who was noncing your mum up. Thankfully, when el police-o arrive, it turns out the waiter was an infamous criminal on the run, and you're given a reward: a bull, a bowl of paella and a signed photo of Penelope Cruz's anus! Viva España!

# WORKIE CHALLENGE

WE FORCE YOUNG HOPEFULS TO COMPLETE EVIL TASKS. THIS MONTH....

## BE SIM-WISE'S GIMP

**THE WORKIE:** Chris Sayer, 20, from Devon.

**TEA-MAKING SKILLS:** Chris's tea-runs were slow but fairly frequent, and nobody died as a result of his efforts.

**IPOD CHALLENGE:** Chris did okay until a massively unwelcome ska onslaught, but his MP3 player was bright pink and looked like a Barbie accessory, the big girl's blouse.

**WEAKEST MOMENT:** When we had to find out where he was from to write the bit above, he thought we were genuinely taking an interest, bless him. We don't care, Chris.

**THE CHALLENGE:** It's nice to be important, but more important to be nice. We thought we'd do something nice for Alex Sim-Wise, so decided to get her a gimp – just

what everyone wants. Turning a workie into one seemed easier than buying one, so we set Chris on sourcing some bondage gear.

There was still something missing, though, so we wrote 'GIMP' on his forehead, got parcel tape and oranges involved, and let Alex do her thing and take her gimp for a walk. To be honest, it all looked quite fun. It's a sad moment realising you've just placed the workie in a position you really wouldn't mind being in yourself, straddled by a sexy model and not doing any work for the day. Damn it.

Chris gets down to work as Sim-Wise's faithful gimp...

2

3

Add massive fucking chunks of **CORNED BEEF** out of a tin. The more it looks inedibly like cat food, the better.

### FLAVOURED SHOWER

If you can get hold of Kool-Aid powder (it's a sugar-filled American drink), fill the shower-head with it for sticky, coloured shower fun. Alternatives include coffee and the inside of teabags.

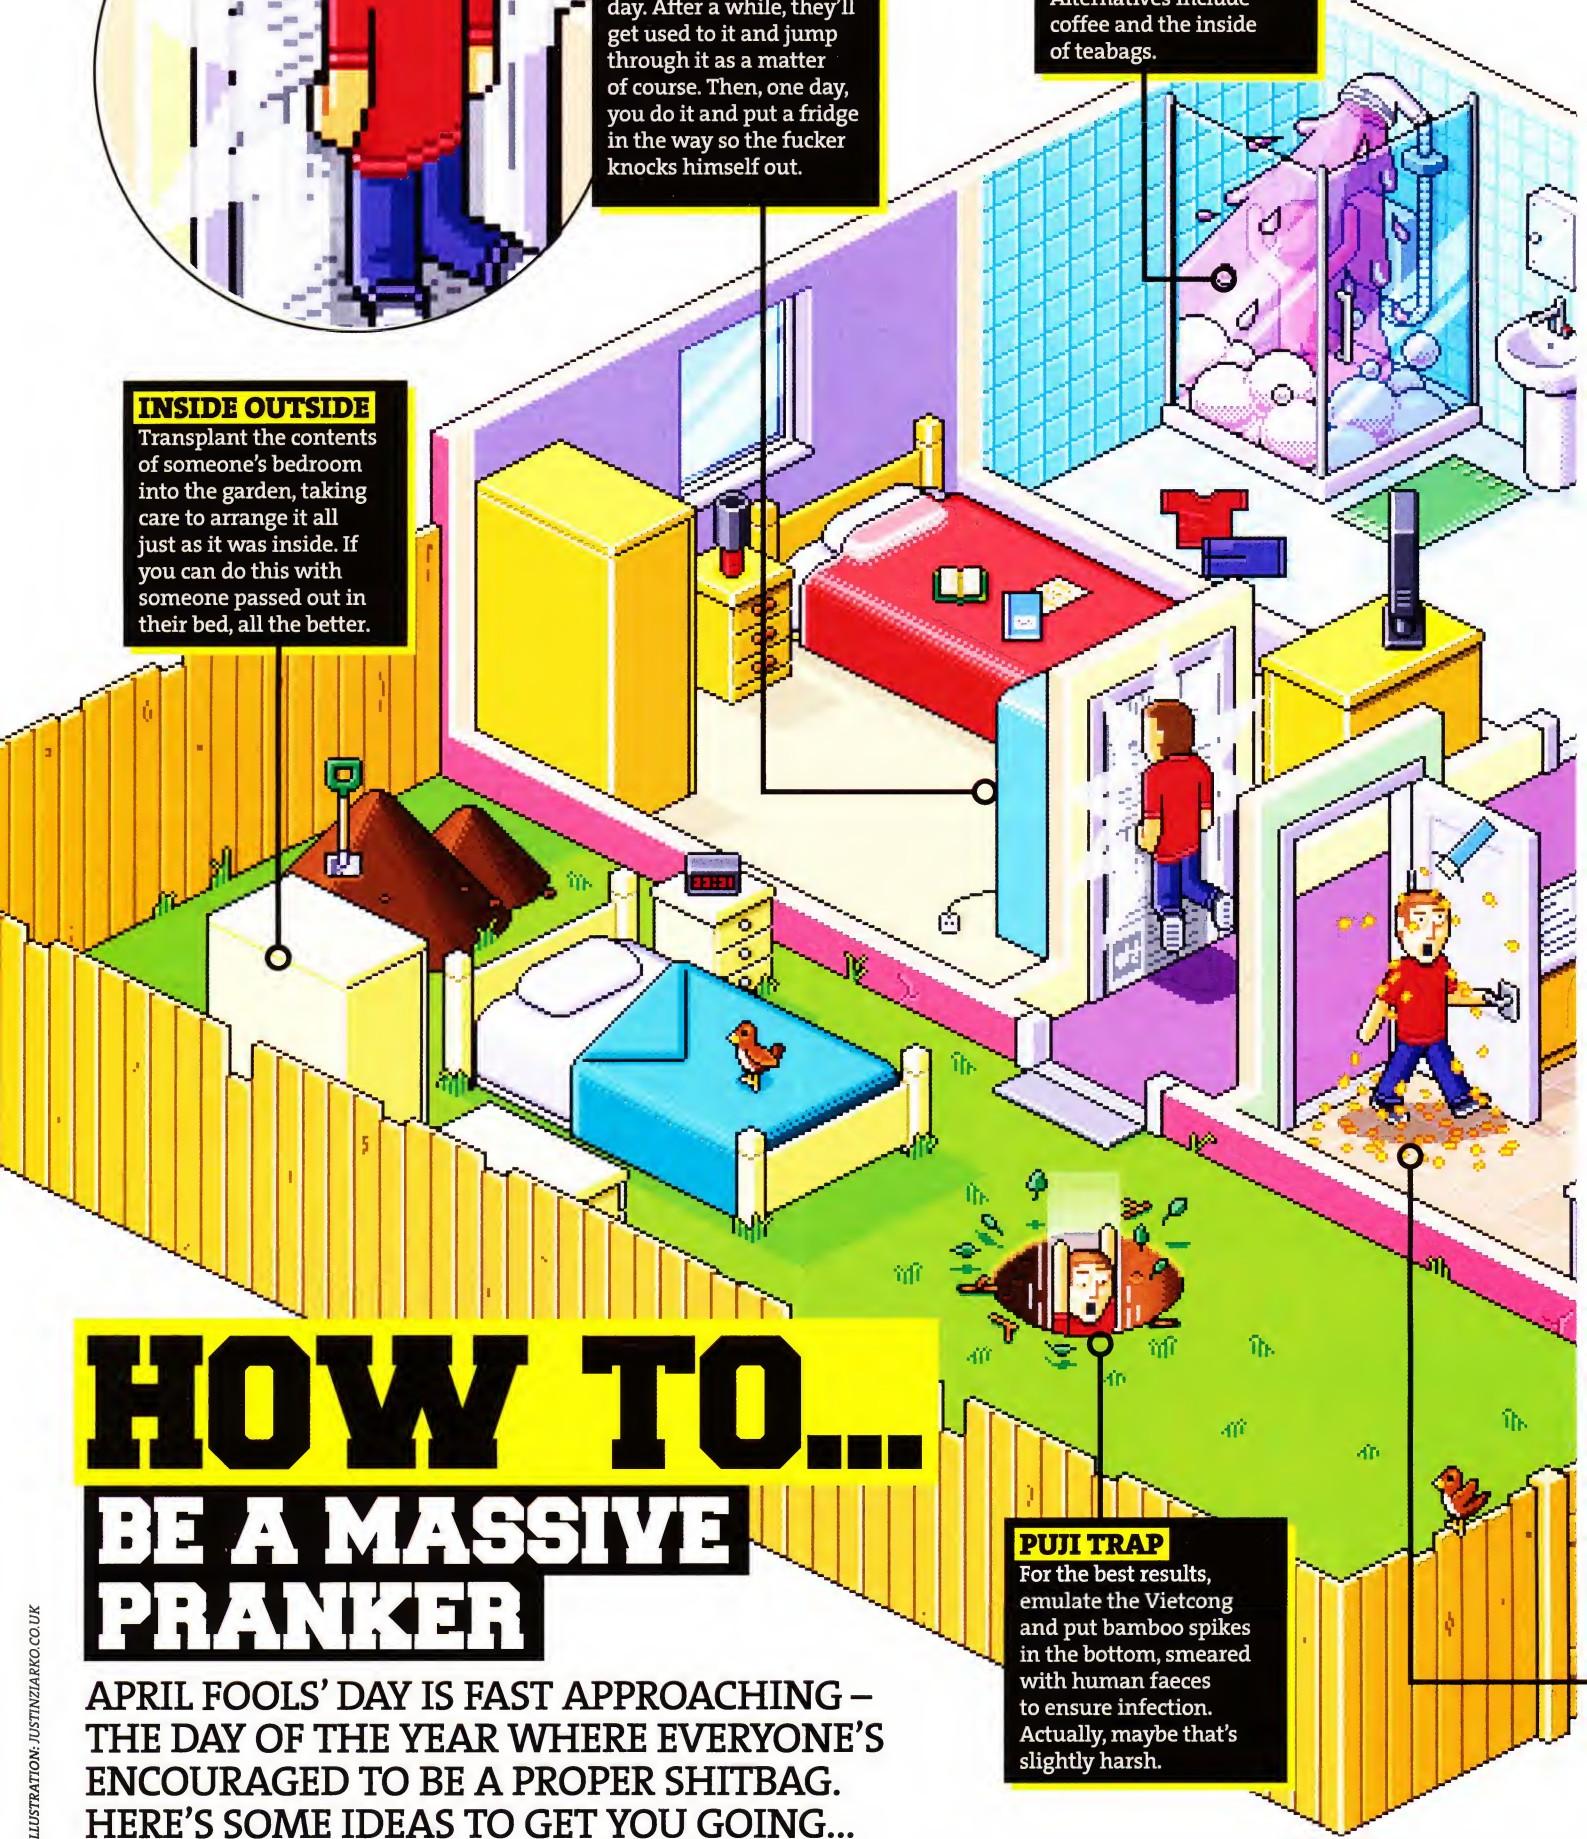

### PAPERED DOOR

More of a long-term prank, this. Tape newspaper over someone's door every day. After a while, they'll get used to it and jump through it as a matter of course. Then, one day, you do it and put a fridge in the way so the fucker knocks himself out.

### INSIDE OUTSIDE

Transplant the contents of someone's bedroom into the garden, taking care to arrange it all just as it was inside. If you can do this with someone passed out in their bed, all the better.

# HOW TO... BE A MASSIVE PRANKER

APRIL FOOLS' DAY IS FAST APPROACHING – THE DAY OF THE YEAR WHERE EVERYONE'S ENCOURAGED TO BE A PROPER SHITBAG. HERE'S SOME IDEAS TO GET YOU GOING...

### PUJI TRAP

For the best results, emulate the Vietcong and put bamboo spikes in the bottom, smeared with human faeces to ensure infection. Actually, maybe that's slightly harsh.

## CLING-FILMED TOILET

A classic that's sure to cause a pissy mess and megaLOLs.

## SHAVING FOAMED BEDROOM

Flatmate's locked his door? You can still fuck with his room. Squirt full cans of shaving foam into a black sack, feed the neck of the bag under the door, and jump on it. Hey presto, a foam-covered room!

## OUTSIDE INSIDE

If you have time, dismantling someone's car and reassembling it inside their house is guaranteed to raise laughs. They did it on Saved By The Bell once and it was fucking skill.

## TURBO EGGS

Using dental floss and Sellotape, rig it so that flinging open the fridge door results in eggs springing out all over the unsuspecting dick holding the door. Comedy gold.

## WHOLESOME CORNFLAKE FUN

Dropping a bucket of water over someone is so old-fashioned. Taping the inner bag from a packet of Corn Flakes above a door, so that anyone who comes through it is immediately covered in cereal, is the future.

WIN A  
GREEN-  
HOUSE!

# WHERE AM THEM?

## NICE TO SEE JEW, TO SEE JEW, NICE

SPOT THE HUGHS AMONGST THE JEWS AND WIN YOURSELF A BEAUTIFUL NEW GREENHOUSE!

**IT'S PASSOVER, Y'ALL.** That's the Jewish holiday commemorating when Hebrew slaves escaped from Egypt way back. We thought we'd get in on the action by putting a bunch of super-orthodox black-clad Jews in the mag and, just to mix things up a bit, hide a few Hughs in there.

Yep, in amongst this Semitic scrabble are celebrity Hughs Jackman and Laurie, respectively a man-tastic mutant and a gajillion-earning limping doctor actor.

If you spot the Hughs in the Jews, you win a brand-new greenhouse. To redeem your prize, take this mag to celebrity chef Hugh Fearnley-Whittingstall's farm and rub it in

his bespectacled face shouting, "Give me a fucking greenhouse!" until he starts crying or gives you a greenhouse. Good luck!

**BONUS PARAGRAPH!** The small skullcap as worn by Kyle's dad in South Park is known as a yarmulke or kippah, while the big fun furry ones seen here are called shtreimels.

## EASTER SPECIAL

**EGGS AND CELEBRITIES** have a lot in common – they both get laid all the time. With Easter coming up, we thought it would be good to get readers of *frontarmy.co.uk* to build celebrity eggs and put a jazzy kind of quiz thing together. We've even given you one answer absolutely free. Why? Because we love eggs. Eggs eggs eggs. Plus, some of these eggs are pretty sexy. Look at that Jessica Weekley one

– there's one egg we wouldn't mind having on our face, you know?

It would be great to go out with an egg. You could go on Hollandaise together, and stick the photos in an albumen. You could never beat your egg, though, as that would be battery, and we couldn't advocaat that. It wouldn't be white. All yolking aside, if you don't like eggs, you can effing go to shell.

BIG INTERVIEW

# BIFFY CLYRO

FYI

• Biffy have given numerous made-up explanations as to where their name originates, the most popular of which is that it came from a pen with Cliff Richard on it - a 'Cliffy Biro'.

• The punchline to Simon's favourite joke is "sexy weans" (it's a good joke).

• Biffy first kinda formed back in 1995 as Screwfish, featuring Simon and Ben.

“A WEE BIT OF

THEY'VE GONE FROM STRUGGLING IN TRAVELODGES TO BEING THE BIGGEST BAND IN BRITAIN. FRONT GOES THROUGH HAIR, HEROIN AND HOMOEROTISM WITH THE AWESOME SCOTTISH BASTARDS

GOOD DAY, BIFFY. SO, IT'S TAKEN YOU A LOT OF ALBUMS AND A LOT OF GRAFT TO GET WHERE YOU ARE. DID YOU EVER THINK, 'FUCK THIS, LET'S GET JOBS IN SHOPS'?

Simon: Every time we released a record, some new challenge appeared, so we always felt motivated. We didn't set out with any grand ambitions – we've always tried to maintain level heads. Wow, what a shit thing for a rock band to say.

ARE YOU ALL GOING TO TURN INTO EGOMANIACAL MONSTERS NOW?

S: Fuck it, yeah. We won't touch our own gear any more. These are creative hands! [Laughs]

BECAUSE IT'S TAKEN A WHILE TO GET NOTICED AND GET BIG, DO PEOPLE THINK YOU'RE A NEW BAND?

Ben: Oh yeah. Even Jo Whiley said we were new, then had to say something like, 'Well, John Peel played them years ago, so they're not that new...'

CONSIDERING HOW LONG MOST BANDS LAST NOWADAYS, YOU'RE FUCKING ANCIENT...

S: I guess a lot of people thought Puzzle was our first record, but we don't take offence at that. It's funny, rather than anything else, and makes you feel a shit-ton younger. We're not naïve about it; we know the first few records were more underground. To the people they mattered to, they mattered a lot. All you can ask is that the people that like you really care about you.

IS STUFF HARDER SINCE YOUR SHIFT TO THE BIG LEAGUES?

B: Being away from home gets harder, and you're away for longer periods of time. We live a relatively luxurious touring life in Britain, but we're about to go around America in a shitty wee van.

S: It's good to not be in

Taking over the world, one young girl and one deranged-looking boy at a time

Travelodges any more. Travelodges can really get you down. We did those for years. We try not to get involved with all the trappings, though, because they don't last forever. God, that's another level-headed thing to say – I'm gonna keep my fucking mouth shut.

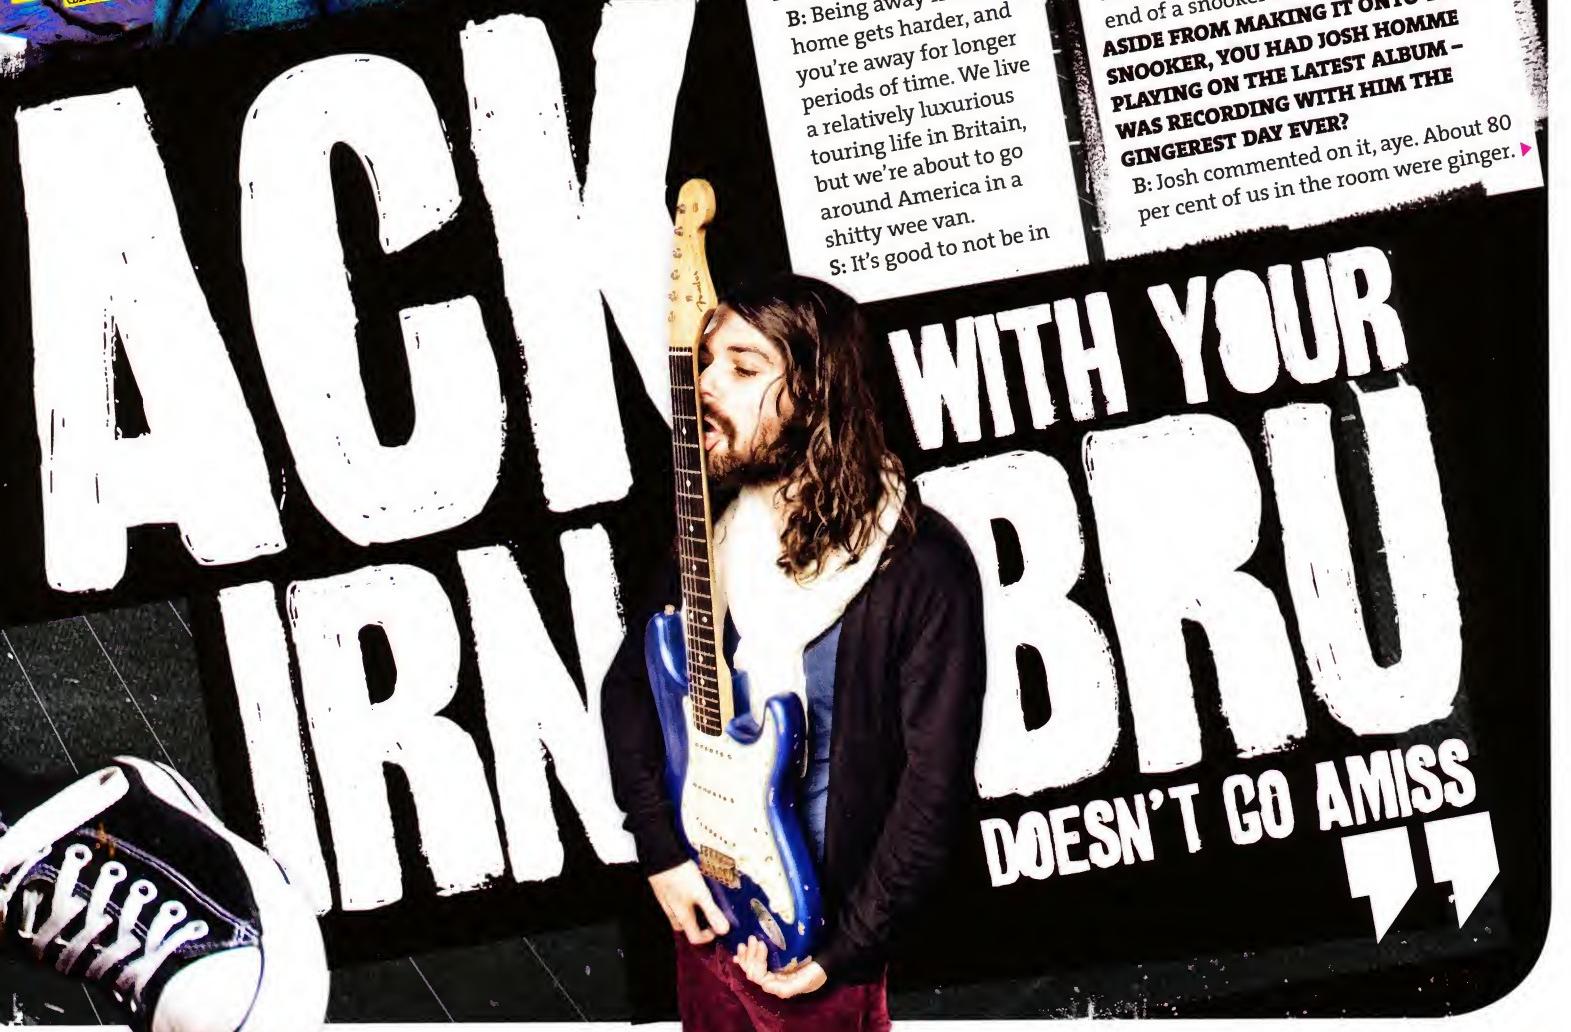

YOU EVEN CROPPED UP DURING THE DARTS FINALS THE OTHER MONTH – YOUR SONG MOUNTAINS WAS USED ON THE MONTAGE AT THE END. DID YOU SEE IT?

B: I was watching fucking Forrest Gump, man. I was so pissed off. I would have been on the floor kicking my legs round in the air and shit.

S: Living Is A Problem Because Everything Dies was used in the snooker a few years ago. It's ridiculous that something like that can be as exciting as playing a gig sometimes. [Laughs] Plus, The Captain is going to be the Aussie Rules football season theme, which is bizarre. It's so weird that it's got to the point where our music can be the uplifting tune at the end of a snooker tournament.

ASIDE FROM MAKING IT ONTO THE SNOOKER, YOU HAD JOSH HOMME PLAYING ON THE LATEST ALBUM – WAS RECORDING WITH HIM THE GINGEREST DAY EVER?

B: Josh commented on it, aye. About 80 per cent of us in the room were ginger. ▶

## SIMON SAYS

STARTING A  
BAND? FOLLOW  
SIMON'S TIPS...

### HAVE A LAUGH

"It's hard to make a living being in a band, so you've got to be doing it for the right reasons. You need to enjoy it, most of all."

### BELIEVE IN YOURSELVES

"If people don't like your band, it doesn't mean you're wrong to. We loved our music even when other people didn't."

### ...BUT DON'T BE WANKERS

"It's not having a huge ego, it's just belief in what you're doing."

### DON'T SET OUT WITH HUGE GOALS

"Being successful is relative. Remember: even making a record at all is being successful."

### ...AND MORRISSEY...

S: Morrissey flounced off after getting hit by a bottle. What? Has he never been to a gig? If you're gonna walk offstage after getting hit by a bottle, you've got no right to be onstage in the first place.

### HAVE YOU DODGED YOUR FAIR SHARE OF MISSILES OVER THE YEARS, THEN?

J: I got hit square in the napper with a full can of Red Bull in the Bristol Fleece. I didn't even see it coming. I could feel my head swelling and I just thought, 'A fucking full can?' Who would do that at our fucking gig? We were headlining!

S: We've been spat on. Someone got me right on the top of the head. We were supporting Sum 41, for our sins, and these fuckin' wee kids spat on us. The first time we did Gig At The Green, everyone threw mints.

### MINCE?

S: Mints. Scotland's wild, but it's not *that* wild. When I saw someone throw one I said, "Why doesn't everybody have a go?" but they were freebie mints someone was handing out. Some morons were standing at the door going, "Do you want some fucking mints?" Everyone threw them, but they all missed me, and I caught two in my left hand and played on, feeling very smart.

### ARE YOU MORE IMPRESSED IF PEOPLE CHUCK STUFF AT YOU THAT THEY'VE ACTUALLY PAID FOR?

J: You go to a festival and

### YOU'RE DECIDEDLY LESS HAIRY THAN YOU USED TO BE, THOUGH. WHAT'S GOING ON THERE?

S: I don't know – fuck, it just kinda happened. Make no mistake: we're gonna grow it back. I grew a nice big beard over Christmas and New Year and just shaved it off and lost about an inch and a half. Where the fuck's my face gone? My wife hates it when I don't have a beard. She can't stand my actual face.

### SIMON'S GOT A BEACH BOYS LYRIC TATTOOED ON HIS CHEST. DO ANY OF THE BEACH BOYS HAVE BIFFY LYRICS INKED ON THEM?

S: I fucking hope so! I'm sure one of them must do. Actually, one of our mates met Brian Wilson and told him I had a Beach Boys tattoo, so he knows I've got it, although I'm sure he couldn't give less of a fuck.

### AS A SCOTTISH BAND, IS IT OBLIGATORY TO HAVE IRN-BRU ON YOUR RIDER?

James: I don't think it's obligatory, but we do.

### WHAT ABOUT A LOAD OF SHORTBREAD AND HEROIN?

S: Aye, a wee bit of smack doesn't go amiss, does it? Irn-Bru in one hand, and a bit of brown in the left. We stocked up – on Irn-Bru, not heroin – for a tour of Europe we just did. You need it for hangovers.

### DO YOU GET ASKED A LOT OF STUPID 'HA HA, YOU ARE SCOTTISH' TYPE QUESTIONS?

S: We have today! [Laughs] Most people love the fact that we're Scottish. In

Europe it's not too bad, but in America they have real trouble with the accent.

B: "Buffy? Beefy? Beefy what?"

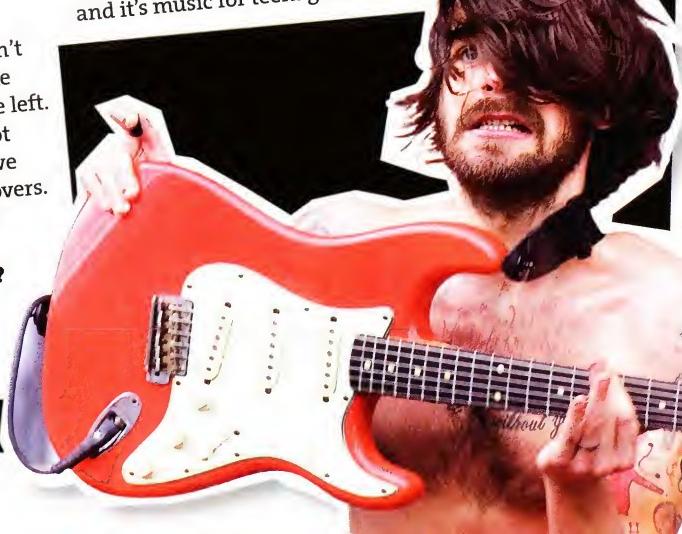

S: I might get it tattooed across the tips of my fingers, just to help.

### MOVING ON, WE HEAR YOU'RE NO GREAT FANS OF 30 SECONDS TO MARS...

S: You can't take someone who's got millions of dollars in the bank seriously when they're talking about struggling to make a record. Jared Leto's a multi-millionaire and supposedly one of the most attractive men in the world, so it can't be that much of a struggle. There are bands that work fucking hard that struggle for years to even make a music video, while he can just go out and spend hundreds of thousands on one. There are friends of ours who are amazing and can't get touched by a bargepole, yet he can because he's an über-famous guy. It'd be a whole lot different if they were really good, but he's 38 and it's music for teenagers.

### DO YOU GET ASKED A LOT OF STUPID 'HA HA, YOU ARE SCOTTISH' TYPE QUESTIONS?

S: We have today! [Laughs] Most people love the fact that we're Scottish. In

stand in one queue to buy a token, then you stand in another queue to get your £4 beer. Then the band comes on and you throw it away. S: I'm not one for throwing stuff, but one time we played with Kosheen in Middlesex. I'd had one sip of my pint, and she went, "Right, if anyone throws their pint at us, we're gonna leave the stage." It sounded too good to be true, so I threw it and they left the stage. The cunts.

## WHO'S THE BIGGEST CUNT YOU'VE ENCOUNTERED?

S: We took The Ordinary Boys out on one of our first tours and they were wee cunts. I'm quite happy that he [Preston] fucked up his life by going on Big Brother.

B: I tried to talk to John Lydon once, and he was an asshole.

S: He's a scumbag cunt. You don't mind if someone's smart and a cunt, but he's not. [Laughs]

## IS THERE ANY DANGER YOU'LL BECOME CUNTS?

B: Living where we live in Scotland keeps your feet on the ground. I remember going back and saying, "We're playing Wembley with Muse," and being asked, "How much are you getting paid?" There was no 'Wow!' or 'Muse? Brilliant!'

**"PEOPLE THINK WE'RE SOME NEWCOMER COS WE'RE ONLY GETTING BIG NOW. EVEN RADIO 1 CALLED US A 'NEW BAND'"**

## AREN'T YOU TREATED LIKE GODS IN AYRSHIRE?

J: No one's a god in Ayrshire. If you do well, people hate you for it.

## FINALLY, WE COULDN'T HELP NOTICE THAT YOU'RE CLEARLY NOT A BAND WHO FEAR HOMOEROTICISM...

S: I love that. For too long rock's been guys trying to be butch and manly, and I think the quicker you can do away with that, the better.

## HOMOEROTICISM WITH TWIN BROTHERS, THOUGH?

S: As long as they're on either side of me, we're okay. FRONT

# EAR CANDY THE SOFT PACK

NAMED  
AFTER A  
DROOPY  
DILDO!

LIKE YOUR ROCK BANDS TO BE OFFENSIVE? LIKE YOUR BURRITOS HALF-EATEN BY A POLICEMAN'S DOG? PREPARE TO GO MENTAL FOR THE SOFT PACK

WHAT'S THE MOST offensive band name you've ever heard? Anal Beard? Anal Cunt? Anal Beardy Cunt Cunt? Whichever one it is, the chances are it hasn't caused as much yelling as mighty San Diego garage punkers The Soft Pack's original.

"We used to be called The Muslims," explains lead singer Matt Lamkin, "but it got misinterpreted way too much. It wasn't some kind of political statement – we just wanted

a catchy name, like Frank Black And The Catholics. Plus, we only thought we'd play about three shows. A lot of people were offended."

With the band getting all sorts of silly threats and that, a little name change was in order. After toying with the likes of Spray, Love Voucher and Body Surfer – which, let's face it, are all fucking awesome – they settled on The Soft Pack after drummer Brian stumbled across a

prosthetic cock online with the same name, while, er, 'researching'.

"You stuff it into your pants to make it appear like the real thing," reckons Matt. "It passes the squeeze test, according to their adverts."

Despite the name change, they haven't lost any of their scuzzy edge, and have just signed to Heavenly Records in the UK – the label that discovered the Chemical Brothers and Manic Street Preachers – who've just released their kick-ass debut record. So far it's been getting a load of love from Radio 1 man Zane Lowe, plus tasty reviews in the NME, who reckon it "cuts through media overkill like Cillit Bang through dried-on egg". Dried-on egg – now that's offensive.

D&A  
MATT  
(VOCALS)

HELLO, MATT.  
YOU'RE IN LA –  
HOW IS IT?

It's pretty nice and sunny. You don't really need to be wearing slacks right now. You can walk around in shorts if you wanted.

**TELL US ABOUT THE NEW RECORD.  
IS IT FUCKING ACE?**

If you've heard any of our older stuff, then this is a little bit more dynamic, a little bit cleaner. We've been listening to Big Dipper a lot. They've got a kind of '80s indie-rock sound, and we've been into that. It's a bit janglier.

**YOU'VE BEEN HYPED QUITE A LOT.  
HOW DO YOU DEAL WITH THAT?**

We played a big industry thing in New York and got a lot of hype, then we dropped off the face of the earth. We changed our name, obviously, but since then, there hasn't been much about it. So hopefully the record is anticipated, and hopefully it's received well.

**TOO RIGHT. SO HOW DO YOU LIKE IT  
IN THE UK?**

We love Glasgow. If you go into the right bars in San Diego, they've got a Glasgow-like attitude. And Manchester is obviously legendary. And London is like New York. There's enough blog readers there to come and fill a venue, which is good.

**ANYTHING NUTS HAPPEN WHILE  
YOU'VE BEEN TOURING?**

Not in the UK, but we were pulled over in Arizona, which is a very strict conservative state. The drug dog was going crazy by our van. I think they just saw that we were a band, so they made us get out, and they locked us in a mobile jail. They set the dog to rummage through our van, and all it did was eat our food. We had some burritos, and it just ate them. The cops were like, "Oh, yeah, you guys can go, we didn't find anything." Yeah, nothing except our fucking burritos.

## ME VS HERO

THEY'RE MATES WITH LITTLE BOOTS' BROTHER AND THINK THE OCEAN SMELLS OF POO. MEET THE POP-PUNKERS THAT WON'T SMASH YOUR TELLY UP

AHHH, LOVELY BLACKPOOL, famous for a big metal tower, lots of twinkly lights and, according to soon-to-be-huge pop-core five-piece Me Vs Hero, a bit of sea that looks like a smelly old puddle of shit. "It's not a very nice little town," reckons lead singer Sam Thompson. "I think they try to model it a bit on Vegas, but in a really horrible way. It's really not nice. The sea looks like brown poo."

According to Sam, though, it's not all that bleak. "There's some ace bands coming out of Blackpool at the moment. Little Boots is from here, and we're mates with her brother. Our guitarist actually recorded the demo that got her signed."

Being used to hanging around with shiny famous types is probably going to come in handy this year, what with the band getting signed up by mega-connected management dudes Wise Blood, who also happen to run mega-influential label Visible Noise, home to rock superstars Lostprophets and Bring Me The Horizon.

So, if they bag the gigantic

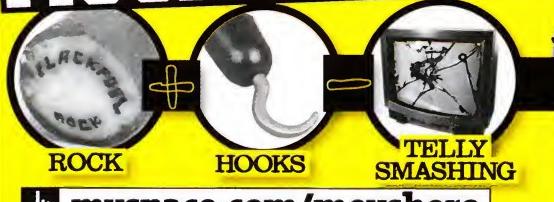

record deal and all the sexy perks that come with, should we expect them to turn into proper dickhead divas, lobbing tellys in the bin and stuff?

"Ha ha, we're not like that," insists Sam. "None of us really come from wealthy backgrounds – we all take pride in what we've got. I mean, we'll have a laugh and stuff, but we won't go out of the way... We're not that rock 'n' roll to break something, mainly because if we did break it, we couldn't afford to pay for it."

**HELLO, SAM,  
WH'A G'WAN?**  
We're on tour at the moment with Breathe Carolina.

The crowd seem to be liking us, and the guys are really nice.  
**SO HOW'S LIFE ON THE ROAD TREATING YOU?**  
We've got this young driver, really nice guy, and he's great. He'll drive through the night – sometimes it's like he's a robot, or something. In one day he drove from London to Newcastle, and then Newcastle to Aberdeen, right through the night. We got there at nine in the morning. He's ridiculous.

**WHAT'S BEEN THE MOST KICK-ASS MOMENT SO FAR?**

We've watched Predator three times. Whacking on a film is good. Lethal Weapon 4 has been a highlight. And grabbing a bunk and having a good sleep rules. We don't finish till about 11 and then we'll go out and have some drinks and won't get to sleep till about three or four in the morning, so it's good to get in the bunk and have a nap.

**YOWZERS, WE THOUGHT DUDES IN BANDS WERE MEANT TO BE ROCK 'N' ROLL?**

We do a fair bit of partying and drink every night, but we're not exactly Guns N' Roses.

# GABRIELLA CILMI

Australia might be a desolate landscape populated by murderous kangaroos looking for backpackers to garrote, but there ain't half some fit women there. And – hey, look! – here's another one: pop princess Gabriella Cilmi, who you might remember from her 2008 hit Sweet About Me. She was just 16 then, but it's alright, she's 18 now, so you can twitch a guilt-free semi.

OUR FIVE FAVOURITE  
LADY BLOSSOMS  
THIS MONTH

# CATERPILLAR OR BUTTERFLY

IT'S SOMETIMES HARD TO TELL IF A LADY IS A WINGED BEAUTY OR A MANY-LEGGED MONSTER. THANKFULLY, THE LADY GARDEN TEAM ARE HERE TO SETTLE SUCH MATTERS...

## Rumer Willis

### SHE'S A BUTTERFLY

Rumer is the daughter of Hollywood royalty – Sir Bruce Willis and Dame Demi Moore – so she'd be able to get you into the pictures for free, plus you could ask her step-dad Ashton Kutcher if he had any funny stories about his time on That '70s Show. He'd probably have loads. He's such a card.

### SHE'S A CATERPILLAR

Erm... How can we put this? Bruce's genes clearly won out over Demi's when Rumer was conceived, because she kinda looks like she should be rocking a dirty vest, a semi-automatic and a shaved head, and be throwing Alan Rickman off the top of a skyscraper. We'd certainly like her on our side in a gunfight, but not on our face in a bedroom.

## EMER KENNY

# 3

If you're one of the eight unlucky sods who watched Horne and Corden's fuck-awful movie Lesbian Vampire Killers, you'll remember Emer as one of the few things worth staying conscious during it for. Now she's appearing in EastEnders as Zsa Zsa, who's causing a kerfuffle by being all gobby and shoplifty and short-skirted 'n' that.

Sierra is the voice, face and nice arse of VersaEmerge, a Florida punk trio who're pretty skilful – although it's hard to know if we'd think that if Sierra was butter. That might sound shallow, but would Girls Aloud still set your foot a-tappin' if they all looked like Adrian Chiles?

## 4 SIERRA KUSTERBECK

## LEA MICHELE

If you're as gay as we are, you'll have been watching Glee, the hit US comedy set in the world's most musical high school. Clearly, you're supposed to fancy the blonde cheerleader, but we much prefer lovely Lea Michele, the jumbo-voiced social outcast one. We're arse-over-tit in love with her, and we're definitely gonna vote for her to stay in. Wait... Wrong show.

# 20 QUESTIONS

## LESLIE NIELSEN

THE NAKED GUN STAR IS A COMEDY LEGEND, BUT HOW WILL HE HANDLE THE 20 QUESTIONS WE ASK EVERYONE? WITH THE WISDOM AND CONFUSION YOU'D EXPECT FROM AN 84-YEAR-OLD

### 1 WHO'S YOUR FAVOURITE STAR WARS CHARACTER?

*The big guy in the jail in Return Of The Jedi – he has a keeper who treats him like a dog and something happens where he gets his head caught underneath a door, and that's the end of him, and the keeper cries. I like the way he cries.*

### 2 WHEN DID YOU LAST THROW UP?

*It was a long time ago, the first time I drank Scotch. That was also the only time I've ever thrown up.*

### 3 IF YOU COULD THROW ONE PERSON OFF TV INTO A PEN OF LIONS, WHO WOULD IT BE?

*There would be several. I'd have them imprisoned for impersonating being an actor.*

### 4 IF YOU COULD HAVE A SUPER POWER, WHAT WOULD IT BE?

*I find it hard to get an erection.*

### 6 WOULD YOU RATHER HAVE NO LEGS OR NO ARMS?

*I wouldn't rather have no legs, and I wouldn't rather have no arms.*

### 7 WHAT MAKES AN ACE NIGHT OUT PROPERLY ACE?

*When you can find out the formula for getting the night steered back to your apartment. When you get into your own apartment, chances are, unless you're a damn fool, you're heading for a great night.*

### 8 WHAT IS THE FIRST ALBUM YOU EVER BOUGHT?

*I've never bought any.*

### 9 WHO'S THE BIGGEST ARSEHOLE FAMOUS PERSON YOU'VE EVER MET?

*I'm touchy about saying names.*

### 10 HAVE YOU GOT ANY PHOBIAS?

### 11 WHAT'S THE MOST YOU'VE EVER NEEDED THE TOILET?

*Phobias? I was very adamant on my last phobia hunt, because sometimes you're going to be looking for a phobia because you had lost your last phobia. Then you find out that they have to be painted. [NOTE: We don't think Leslie knows what 'phobia' means]*

### 12 WHAT'S THE STUPIDIEST THING YOU'VE EVER SAID TO A GIRL YOU LIKED?

*Will Smith, the Man In Black, does a toilet imitation that is beyond belief. You wouldn't think he'd be a toilet imitator, but he's one of the best. [NOTE: We have no idea what Leslie is talking about]*

### 13 DO YOU DO THE MYSPACE/FACEBOOK/TWITTER THING?

*I haven't caught up with that yet. My wife will bring it to my attention when she thinks she might want to bother me about it.*

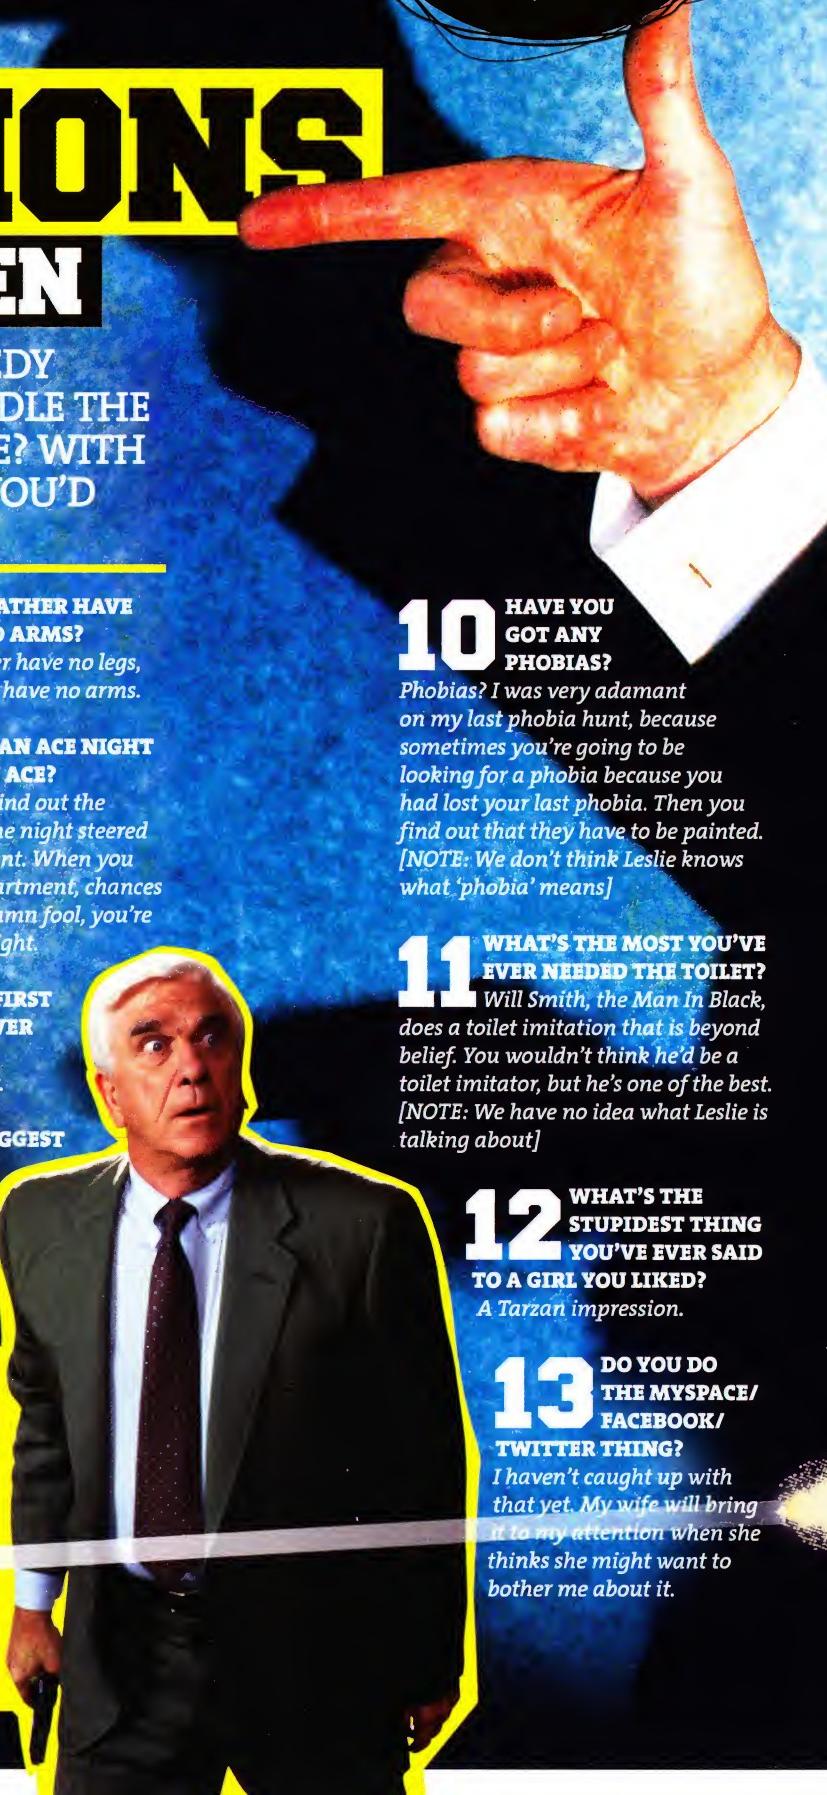

### 5 WHAT WOULD YOUR FUNERAL BE LIKE?

*What difference does it make what I'd want it to be like? I'll just make sure I'm dead.*

### FYI

- Leslie reckons his Naked Gun co-stars Priscilla Presley and George Kennedy are amongst the nicest people he's ever worked with.
- Leslie answered about a quarter of this interview in a slightly awesome Romanian accent, for some reason.
- Supposedly, Leslie always carries a whoopee cushion in his pocket.

*I don't drink any more. I've been beaten into the ground because I discovered recently that I have the beginnings of diabetes. You can't have any liquor because it's too full of sugar, and you have to stay away from things like chocolate pie and whipped cream, and it's a living hell because I love those things.*

# THE WORLD'S MOST INSANE SPORTING RIVALRIES

## Egypt vs Algeria

In 1989, an Egyptian win in a World Cup qualifying match led to riots on and off the pitch, with the Egypt team doctor losing an eye after being struck by one Algerian player. Twenty years later, the two met in World Cup qualifying again and, with team buses being attacked and fights filling the streets, Algeria claimed the win.

## India vs Pakistan

Such is the suspicion between these two following the independence of Pakistan from India in 1947 that, as Time magazine put it, "they blame each other for everything." Cricket matches between the two are dangerous affairs: in 1999, for example, 65,000 Indians flooded the pitch to try to avoid a defeat to their rivals.

## Honduras vs El Salvador

The only football match to have caused a war. In 1969, with these neighbours arguing over borders, they met home and away on the football pitch. With both countries' media reporting rioting, violence and theft by their visiting opponents, finger-pointing began over the seeming lack of action both governments were taking over the reported crimes. A four-day war followed, leading to some 3,000 deaths.

## THE MIRACLE ON ICE AKA THE VERY COLD WAR

## FACT

This picture was used on the cover of Sports Illustrated the week after the miracle. It's the only time the mag has not printed any words on the cover, save for its title. At the turn of the millennium, the mag named the event the greatest sporting moment of all-time.

## WHO: THE 1980 US WINTER OLYMPICS HOCKEY TEAM WHEN: LAKE PLACID, NEW YORK

**WITH THE WORLD'S** two biggest superpowers pointing enough missiles at each other to blow the world up ten times over, 1980 was a scary ol' time to be living. The Cold War between the communist USSR and the capitalist USA had been bubbling away for over 30 years, and with the Soviets invading Afghanistan in 1979, a full-on nuclear clash to end, well, everything was but a mere button's push away.

At least the 1980 Winter Olympics gave both nations a brief chance to do their fighting with hockey sticks rather than giant rockets. Not that it was expected to be much of a fight, though. The Soviets were pros, winners of every Olympic ice hockey gold since 1964, and fresh off the back of humbling the NHL All-

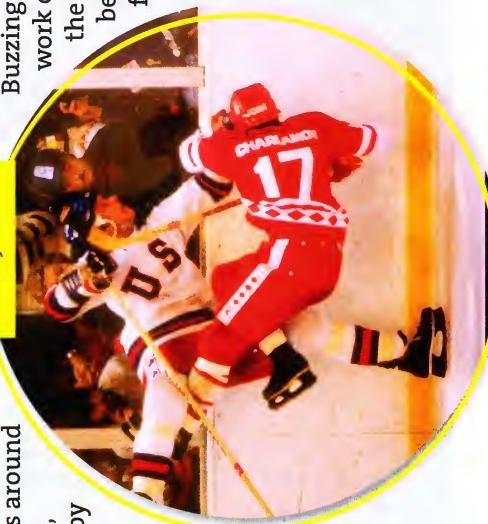

Stars, a side made up of the best players in the world. Victory for them wouldn't just mean an Olympic medal – it was a chance to prove to the world their dominance over their enemies. The Yankees, meanwhile, were fresh-faced 20-year-olds plucked from colleges around the country and chucked together, who'd prepared for the Olympics by inviting the USSR for a friendly. They were hammered, 10-3.

With US newspapers pinning their country's hopes and national pride on "the ice melting", the kids took on the pros. After the Yanks had improbably come from behind

to tie the game on three occasions, captain Mike Eruzione spectacularly slapped in a shot to go 4-3 up. Somehow, that was enough to win the game and cause the greatest upset of any sport's history – but not before they'd endured ten minutes of keeping their backs to the wall like they were trying to avoid a bummung, or before their keeper, 21-year-old Jim Craig, had taken his save-count to a mental 36.

Buzzing off their win, the Yanks made short work of Finland two days later, claiming the gold medal. Thankfully, the fall-out between the Yanks and the Soviets was far from radioactive, the USSR happy to continue being a mahoosive name in hockey until its break-up in 1991, sort of like when Fall Out Boy split up, but Russian and with hockey. And now Russia and the US are bezy mates. Sort of.

# FAMOUS FAN

# THE CASINO BRAWL'S Jonny Ferguson

THE HARDCORE UPSTARTS ARE RIVALS ON A MATCH DAY. FRONT MAN JONNY TALKS WINDING UP HIS GEORDIE BANDMATES

**GOOD MORNING TO YOU, JONNY. SO, YOU'RE A BAND DIVIDED – HOW DO THINGS WORK OUT WITH SOME OF YOU BEING DIRTY NEWCASTLE FANS? YOU MUST HAVE LOVED SEEING THEM GO DOWN...**

It was the best thing ever. James [drums] and Mark [guitar] are Newcastle fans, while the rest of us are Sunderland. It's quite funny. It doesn't get argumentative – we're cool about it. But when they went down, it was just amazing. Sadly, we didn't get to watch it all together, but the banter went on for months. It's very rare that we actually get to watch any football all together, just because of where we all live.

**D'YOU MANAGE TO GET TO SUNDERLAND GAMES AT ALL THESE DAYS?**

Because of the band, I've only been able to get to a couple of

games this year – but they've both been wins, against West Ham and Liverpool, with the whole beach ball thing. With that record, maybe I should go more often.

**AH, YES, THE BEACH BALL FIASCO...** I didn't know what was going on at the time. It was obvious that Darren Bent had hit his shot, but no one knew it'd flicked in off a beach ball some kid had thrown onto the pitch. Then people around us started saying that their mate had watched it on the telly and it'd taken this

massive deflection. Everyone was laughing and saying that finally someone had got a little bit of luck. We don't get too much these days.

**ARE THE BLACK CATS IRONICALLY UNLUCKY, THEN?**

I suppose. We're a fighting team, but we've been a bit of a yo-yo club recently. Hopefully, we're in the Premier League to stay. We've got Darren Bent now, who's one of the league's best strikers, so things will only get better.

**SO WHAT'S PROVED BETTER VALUE: £10 MILLION OF DARREN BENT OR A TWO-QUID BEACH BALL?**

[Laughs] I suppose the beach ball got us the three points... But no, Darren Bent, definitely. C'mon, man...

**YOU COULD BUY A LOT OF BEACH BALLS FOR £10 MILLION, THOUGH...**

D'ya know, you've twisted my arm.

I think I'm gonna go with the beach ball.

You've raised a very good point. Imagine the fun. Imagine the carnage.

**SO, WERE YOU HOPING FOR A BIT OF A BETTER SEASON THIS YEAR WITH THE MONEY YOU SPENT OVER THE SUMMER?**

I think we've done pretty well, truth be told. I mean, what Sunderland need to do is just be a full-time Premier League team, you know? We're sitting happy in mid-table and Steve Bruce, our manager, is absolutely incredible.

**DOES HIS ABNORMALLY LARGE HEAD NOT PUT YOU OFF HIM?**

[Laughs] I suppose it is pretty massive. Steve Bruce really knows how to get the most out of his players, and his experience is just absolutely amazing. Roy Keane was amazing too, but he just had too much old-school in him.

**WHAT IS IT WITH EX-MANCHESTER UNITED PLAYERS MANAGING SUNDERLAND? ARE WE GOING TO GET CRISTIANO RONALDO MANAGING THEM?**

That'd be quite interesting... I think Manchester United is an amazing club, and so is Sunderland with everything they've got going for them. It's just great, like.

**FINALLY, HAS THERE EVER BEEN A BETTER FOOTY SONG THAN "CHEER UP PETER REID"?**

Niall Quinn's Disco Pants tops that, for sure. Like, Peter Reid's was great, but Niall's a legend. Plus, any song that has the line "they go up from his arse to his chest" can't lose.

LEGEND  
MIALL QUINN

"The big man pretty much owns the club now, after years of playing for us. He did huge amounts for us, and held it together in the time he played up front with Kevin Phillips. The man can do no wrong in Sunderland eyes."

CULT HERO  
DWIGHT YORKE

"He came out of retirement just to play for Sunderland, purely because Roy Keane, the manager at the time, was his mate. But, Jesus, he was so old and rubbish. He tried, but he really should've just given up by that point."

VILLAIN  
DENNIS WISE

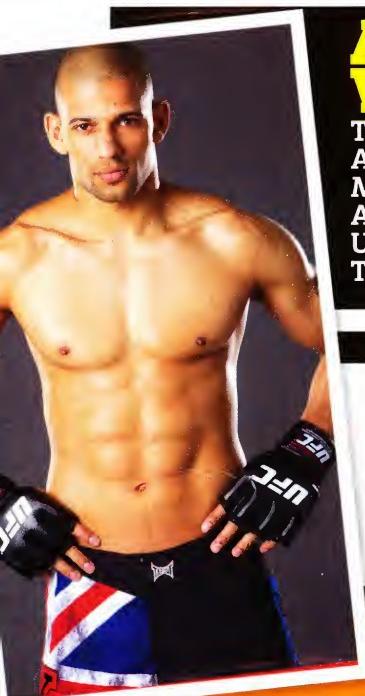

"It's nothing to do with Sunderland – I just can't stand the guy. He's so arrogant yet so small. I kinda like him for helping to ruin Newcastle, but it doesn't stop him being a massive dick."

THE 28-YEAR-OLD IS A BAD-ASS BRITISH MMA FIGHTER AND STAR OF THE ULTIMATE FIGHTER TELLY SHOW

Nothing much – not a lot, really. Just had something to eat, and now I'm sitting down.

In a fight, I've got to go with guys. Women are vicious in a fight, but guys have the knockout power.

## DO YOU EVER HAVE PROBLEMS WITH NASTY GROIN STRIKES?

I've been hit a couple of times down there in fights, but nothing too bad. I've been quite fortunate.

## WHAT'S THE DEAL WITH POKING?

It's not on. I think the worst I've come out with in a fight is a bit of bruising round my eye, but that's it. I've yet to lose an eye, or anything.

## DOES IT TAKE A LOT OF EFFORT TO DO THREE ROUNDS?

Depends on what kind of standard you're fighting. Obviously, you need to be able to grapple to know when to relax. The better you are skill-wise, the less energy you'll have to use.

## WHO'S MORE DEADLY: BOYS OR GIRLS?

Girls. I'm going to have to stick up for girls. They're bitchy and cunning, aren't they? I think boys are a bit too straightforward to win.

## DO YOU EVER HAVE PROBLEMS WITH NASTY GROIN STRIKES?

Er, no. I think I've been quite lucky in that department. I tend to look after my groin department.

## WHAT'S THE DEAL WITH POKING?

Not that often. I was going to say something about my little sister, but I can't say that in a men's magazine – that'd be really bad! I haven't had a poke to the eye recently.

A lot of practise! I reckon a good ten hours a week is needed to last that long. Practise makes perfect.

## NO. 36 JUGGLE... WITH HEADS

**1****FIG. 1 TOSS IT. TOSS IT GOOD**

Start off by throwing one head back and forth between your hands so it arcs at eye level. Once you're cool with this, get another head, and toss the second when the first is just past the top of its arc.

**2****FIG. 2 HAPPY? UPGRADE**

Practise, then add a third. With two heads in your right hand, throw the one in front [1] first, letting the head behind [2] it come forward. As it arcs, throw the head in your other hand [3]...

**3****FIG. 3 CONTINUE**

...catching it where head 2 started. Yeah? At the moment you catch that, head 1 will be in your left hand, head 2 in your right, and head 3 at the top of its arc. Sound confusing? Keep trying, fool!

**4****FIG. 4 ENTERTAIN THE TRIBE**

As long as the tribal elders don't get offended by your disrespectful hijinks, you'll be the biggest hit at every pygmy shindig, and saucy cannibal maidens with bones through their noses and exclamation marks in their names will be jumping at the chance to messily pleasure you.

**WHAT HE MEANS**

I got some stickers made with it written on the front and would stick them on grumpy-looking people in the street. I was in hospital with a fractured skull, four broken ribs and a ruptured spleen for six weeks. Six weeks of wacky wordsearches!

**WHAT HE MEANS**

Last year was particularly crazy. Rather than dress up and put on red noses, we did something a little different. Everyone said they'd sponsor me to be bound and gagged and locked in a cupboard without food or water. They all said I couldn't last a day, but I proved them wrong and did TEN days! We raised almost £17 for mongoloids.

**WHAT HE SAYS**

**I'D REALLY LIKE TO BE A STAND-UP COMEDIAN. I DID AN OPEN-MIC SPOT AT A COMEDY CLUB ONCE AND WENT DOWN A STORM!**

**WHAT HE MEANS**

A heckler called me a "big gay fucking prick" and the red mist descended. I tried attacking him with a chair but slipped over and broke my collarbone instead. Then I went into the foetal position, rocked back and forth and cried until a nice man sectioned me. I'm mad, I am! No, really! ARGH!

But don't let that put you off! It's a great place, full of hopes, dreams, unicorns and really nice ice cream. I was sent there to make my live US TV debut on the G4 network, which is a telly channel just for geeks. All

was fun, and I can't wait to one day return to better weather and more Disney frolics.

Yep, it's a feature-length documentary about big-chinned naan-faced tosspot Robert Pattinson, a man who may well one day win first prize in a bicycle seat lookalike contest.

## WIN BRITAIN'S GOT TALENT

### ABSOLUTELY EVERYBODY

watches Britain's Got Talent – even babies, tramps and the recently deceased – so it's the perfect way to get famous, mega speedy. Bellowing like a tuneful retard is a good route to success (see 2007 winner Paul Potts, or bum-faced SuBo), as is bodypopping like a bellend at a school disco (see Diversity and George Sampson). If you have no talents whatsoever, you can always aim to become this year's Funny-But-Useless Mental: simply foam at the mouth and do a bizarre dancing/juggling/sobbing act that makes Piers Morgan piss his posh pants.

**LEVEL OF FAME:** Finish in the final three and you'll be loved by the nation – right up until the next series of BGT starts.

**POTENTIAL EARNINGS:** SuBo had the biggest-selling album of 2009, so she's certainly not short of enormous pork pies.

**POSSIBLE PITFALLS:** SuBo left some mighty big shoes to fill. They're size 14s and they reek of damp.

## BECOME A HATEFUL, CRITICAL SHIT

PEOPLE LOVE HATEFUL, hyper-critical bastards. Simon Cowell, Gordon Ramsay and Alan Sugar spend their days spraying swearwords and spit into the wincing faces of trembling hopefuls, and it's made them into TV royalty.

If you fancy some of that action, simply pick something that you're good at, then set up a televised contest inviting people to come and try and do what you do. If you're good at farting, for example, make a show called Fart Idol, or Britain's Got Wind. Then, simply berate all the contestants until their bottom lips wobble. It's a good idea to work in a catchphrase: "You're a twat," is a good one, or there's, "Kill yourself, arsehole, and fuck off while you're doing it."

**LEVEL OF FAME:**  
Jumbonormous.

### POTENTIAL EARNINGS:

Simon Cowell made £47 million last year. So... pretty good.

### POSSIBLE PITFALLS:

Someday, someone is going to lose their rag and jam a breadknife into Gordon Ramsay's crumpled forehead.

## CAUSE AN INTERNET KERFLUFFLE

**YOU CAN GET** famous at the speed of broadband simply by yelling like a looper on the internet. Take Jon and Tracy Morter, who set up the Facebook campaign that made Rage Against The Machine the Xmas number one, or 26-year-old Paul Chambers. In January, he hit headlines when he was detained under the Terrorism Act for jokingly tweeting that he wanted to blow up Doncaster Airport. Because terrorists are forever announcing their plans on Twitter, aren't they.

### LEVEL OF FAME:

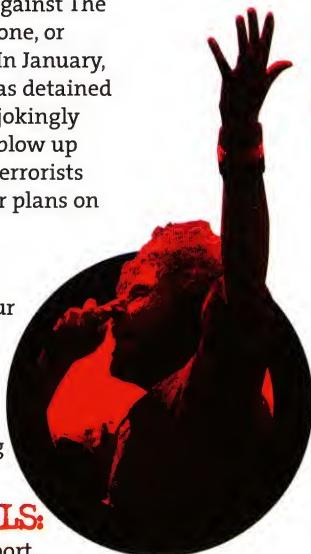

Anything from 'a line on your nan's blog' to 'plastered on BBC.co.uk'.

### POTENTIAL EARNINGS:

Anything from 'fuck all' to 'jack shit'.

### POSSIBLE PITFALLS:

Banned from Doncaster Airport.

## BECOME A YOUTUBE GOD

**A GOOD YOUTUBE** video gets passed around faster than a sexy bum disease. There are two main ways to go: either with a jaw-dropping one-off that kick-starts a wave of copycat and remix videos – see Keyboard Cat, Star Wars Kid etc – or a series of 'vlogs' that steadily win you a stalker-y fanbase. If you're a girl, being fit and funny like Australian cutie-pie Natalie works well, and if you're a boy, being either a ranting geek (like JamesNintendoNerd) or demented (like Chris "Leave Britney alone!" Crocker) seems

to be the way to go.

### LEVEL OF FAME:

A whopping 152,935,359 views (for, erm, 'Charlie bit my finger') is the record to beat.

### POTENTIAL EARNINGS:

A lot of YouTubers believe a glittering TV/movie career is just around the corner. Nah. It ain't.

### POSSIBLE PITFALLS:

That Star Wars Kid ended up in psychiatric care from all the relentless mockery. Oops...

## INVENT SOME COMPUTERY SHIT

**INVENTORS USED** to be lonely, anonymous sods who toiled away in drafty sheds, covered in cogs and grease, but since computers and the worldweb interwidenet took over the planet, they're international stars with heli-butlers and solid-gold wives: Steve 'Apple' Jobs, Bill 'Microsoft' Gates, Tom 'MySpace' Anderson... To join this nerdy elite, just come up with a killer idea that nobody's had before, like a social-networking site for crackheads, or a laptop that eats your dinner for you.

**LEVEL OF FAME:** Alpha nerds like Steve Jobs are worshipped like gods – mostly by 37-year-old bearded men with excitable stutters.

### POTENTIAL EARNINGS:

People'll think you're loaded, though you might be broke: YouTube, for example, lost \$470 million in 2009.

### POSSIBLE PITFALLS:

Paedos, pirates and teenage bullies will find a way to turn your invention into something that the Daily Mail hails as the end of civilisation.

## PULL A CRAZY HOAX

**LAST OCTOBER**, Richard Heene pretended that his six-year-old son had floated off in a balloon in a mad bid to drum up interest in his reality TV show idea. When the hoax was uncovered, Heene became far more famous than his shonky-ass TV show would've made him anyway. Yes, he also went to prison for 90 days, was ruined, and no longer does squeaky farts, but he was famous as fuck.

If you're going to do a hoax, it should work on two levels: it should amaze people when they think it's real ("Wow, you've found an alien corpse?") and then double-amaze them when they find out you were chatting shit ("WTF, you dressed a dead Alsatian up to look like an alien corpse?").

### LEVEL OF FAME:

Big tings a'gwaan.

### POTENTIAL EARNINGS:

In 1983, Konrad Kujau pocketed £6 million when he flogged his faked Hitler diaries.

### POSSIBLE PITFALLS:

A prison bumming.

# BECOME A WACKY DICTATOR

**THERE'S A REASON** why Adolf Hitler is still well famous while Paul von Hindenberg – the guy who led Germany before Hitler – is all but forgotten. It's because Hindenburg was boring, and Hitler was a world-class apeshit mental. Has Hindenburg starred in thousands of comically re-subtitled YouTube clips? No, he ain't.

Bob Mugabe, Kim 'So Roney' Jong-Il, Colonel Gaddafi – international megastars, one and all. If you fancy joining them, start off by taking over a medium-sized town – Dunstable, say – and then expand aggressively outwards from there. Don't forget to feed anyone who gets in your way to your panthers!

## LEVEL OF FAME:

Strong and lasting. To make sure his downtrodden subjects never forgot him, Turkmenistan dictator Saparmurat Niyazov re-named the months of the year after himself and his close family. So the sky's the limit, really.

**POTENTIAL EARNINGS:** Vast. You can even stick your face on the notes if you like.

**POSSIBLE PITFALLS:** Assassination attempts, public uprisings, firing squads, blah de blah.

# CARK IT IN STYLE

**NOW, THIS PLAN** is a bit extreme, but if executed properly (pardon the pun) the results can be spectacular.

If you're an attractive young lady from a well-off family, carking it from drugs – y'know, like a filthy-dirty pauper – will get you hailed as some kind of tragic, gurning Princess Di, and your pretty, slightly blue corpse will appear on posters designed to scare kiddies into never eating any heroin cigarettes.

Alternatively, simply find out what the latest tabloid-friendly horror-disease is – bird flu, swine flu, the flesh-eating virus or African face-melting bollock-fever – then nip down the local hospital, find somebody with it, rub yourself all

over them, wheel them into a broom cupboard, position yourself prominently and wait for the news crews to turn up!

#### LEVEL OF FAME:

Front page of The Sun, under the headline "So Brave: Brave Brit Bravely Dies, Bravely".

#### POTENTIAL EARNINGS:

Not great. But you will get free dinners in hospital, so that's a bit of a saving right there.

#### POSSIBLE PITFALLS:

You is kaput, yo.

# SHACK UP WITH A FAMOUS LADY

#### YOU CAN FAST-

**TRACK** your way to appearing in Heat every week by getting yourself into the knickers, and then mansion, of a super-famous lady. Madonna's always in the market for a strapping gentleman to service her vaginaparts, and the younger the better – she's 14 years older than the mother of her current boyfriend, Jesus Luz.

Still, Madonna's a bit of a tricky catch unless you're already half-famous, so you're better off going for someone a bit more Z-list – Jedward's mum, maybe, or a woman off the Go Compare ads – and shagging your way up from there.

# MAKE YOUR NAME RETARDED

**CHANGING YOUR NAME** to something superhumanly shit is a good way to get your mug in the paper – even if it's only on p26, below a story about Megan Fox's flaps.

The bar has been set pretty high, however, by a Staffordshire man who in 2006 legally changed his name from David Fearn to (deep breath) James Dr No From Russia With Love Goldfinger Thunderball You Only Live Twice On Her Majesty's Secret Service Diamonds Are Forever Live And Let Die The Man With The Golden Gun The Spy Who Loved Me Moonraker For Your Eyes Only Octopussy A View To A Kill The Living Daylights Licence to Kill Golden Eye Tomorrow Never Dies The World Is Not Enough Die

Another Day Casino Royale Bond. Top that.

#### LEVEL OF FAME:

Celebrity for 24 hours, then a life of kids flinging cat turds at you.

#### POTENTIAL EARNINGS:

Not good, unless you change your name to Bill Gates.

**POSSIBLE PITFALLS:** An even shitter name than you started out with.

**LEVEL OF FAME:** The bigger the celebrity, the more fame you can suck from her like a doe-eyed leech.

**POTENTIAL EARNINGS:** When it all goes tits-up, you can flog your shocking story to Hello! and OK! "Me, Anne Robinson, and our crystal meth-fuelled scat-orgies."

#### POSSIBLE PITFALLS:

You could well end up staring down the business end of Jordan's foo-foo.

# TURN YOURSELF INTO SUBO IN THREE EASY STEPS

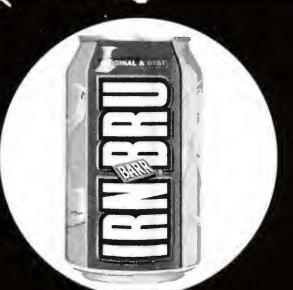

**1** First, you need to get that chic SuBo look. Start by recreating that fabulous afro of hay-like hair by attaching some marker-penned Shredded Wheat to your head. Slip on a manky, lumpy cardigan from 1986 and fashion yourself a nice, itchy skirt from a picnic blanket. Accessorise with a pretty and deliciously savoury medallion made from a Ginsters pastry.

**2** Now, get your sing on. Jut your chin into your neck, raise your arms Heaven-wards, then gurn as if you're trying to shit a tin of beans. Hopefully, a song should just come out – it'll probably be something from Phantom Of The Opera. If it's not happening, eat all the jelly from a pork pie. SuBo scoffs fistfuls of the stuff before every show, as she reckons it gives her special powers.

**3** When you've got the gist of things, it's time to enter Super SuBozilla Rage Mode, which is achieved by consuming a Peperami Hot and a shaken-up can of Irn-Bru. You'll probably feel a red mist descending, and you'll suddenly have the strength of ten men... Then you'll go blank for a bit. When you come round, everything and everyone within a 30ft radius should be smashed up good and proper.

E: I'm down with rubber, though I'm not really into the whole gimp mask thing yet. As long as it's a minor rubber fetish I'm quite up for it. And trainer fetishes are cool.

**HAVE ANY OF YOU EVER PUT A PAIR OF SHOES ON YOUR HANDS AND PRETENDED TO BE A HORSE?**

I: A few times, yeah. Or at least put them on my knees and pretended to be small. [Laughs]

D: It'd have to be Vinnie Jones, so I could watch him in his changing room all day.

I: Is it weird that I'd quite like to perv on Megan Fox when she's not looking? And maybe Brad Pitt and Angelina Jolie. Sneaking up on people is a pretty bad habit, to be honest.

**WHAT OTHER BAD HABITS DO YOU GUYS HAVE?**

D: I'm a bit messy. My clothes come off wherever I am in my house and I just leave them there. There's, like, a trail of clothes as I get changed.

E: Me and my housemate live by a busy road. Sometimes we take our clothes off and dance in front of the window to try and distract passers-by. That's a bit of a mental habit. [Laughs]

**DO YOU ALL MAKE A HABIT OF WALKING ABOUT WEARING NOTHING BUT TRAINERS?**

I: I think it's the first time I've done it, but it's quite fun. I might have to try this naked trainer business again. It's kinda cool.

**DO ANY OF YOU KNOW WHAT THEY SAY ABOUT GUYS WITH BIG TRAINERS?**

E: I've known guys who've had big feet but diddy willies, so I'm not sure what you're implying... D: It's not the size of a guy's feet that counts, it's what he does with them. [Laughs] ▶

E: I'm doing loads of shitty coursework at the mo', but I'll be trying to fit in more good times.

D: Yeah, hopefully just going to loads of kick-ass parties and trying not to be too hungover.

**JUST TIME FOR ONE MORE THING, THEN: ARE YOU ALL WEARING TRAINERS TODAY COS YOU'VE BEEN RUNNING THROUGH OUR TINY MINDS ALL NIGHT?**

D: [Laughs] Er, yeah, whatever. That was pretty lame...

E: Oh my god... [Laughs] I think the only way a cheesy chat-up line like that would ever work would be if you followed it up with a shiny pair of trainers.

**Paul outta Pendulum**

**HOW BIG IS YOUR COLLECTION?**

At the moment, I'd say around 50 pairs, although in the last year or so I've given a load away.

**WHAT'S THE LOOPIEST SHOE YOU OWN?**

I've got some bright red leather Vans TNT-2s that

seemed like a good idea at the time, but are totally for 'special occasions' only.

**WHAT'S THE WORST THING YOU'VE EVER TRODDEN IN?**

About a six. I know people who buy two pairs of everything and have rooms for them. All my stuff gets worn onstage or skated in.

**I ❤ Jordan**

**Garrett outta Trash Talk**

"The Jordan 1 is the best shoe of all time. Michael Jordan was my fucking hero – I idolised that dude. He had the illest shoes. It was expensive, it was different, but it was always quality joints and shit. It burns me out when you look at LeBron [James] shoes and Kobe [Bryant] shoes, and they're all whack, but I still buy Jordans."

Q&A

### HOW MANY TRAINERS DO YOU OWN?

Right now, I've got about 250 pairs. I've been collecting for five years. I've got a garden shed full of them.

### JESUS BLOODY CHRIST, WHY DO YOU NEED THAT MANY?

Cause they look good!

### HOW FUCKED UP DO A PAIR OF TRAINERS NEED TO BE BEFORE YOU CHUCK THEM OUT?

Literally, a couple of marks and I

### BLIMEY. SO WHAT'S THE LOOPIEST PAIR YOU OWN?

## Mummy, what's a collab? - fyi

Collabs occur when a mummy [a trainer company] and a daddy [a kick-ass artist, shiny celebrity or some other famous type] who love each other very much get together and have

loads of awesome fun playing with each other's bits. The results are often ace, like these Vans X Acapulco Gold, Etnies X In4mation, and Nike X Livestrong Air Force Ones.

*The future, today*

If the ace Back To The Future taught us one thing, it's that we'd probably fancy our mum if we were transported back through time by some loopy scientist with an ace car to when she was a fit sixth-former. The sequel taught us a more fashionable lesson, and that was that high-top trainers are ace, especially ones with air-pur pressurised auto-lacing mechanisms.

While these bad-ass replicas don't tie themselves or any other futuristic shit like that, they're made using Nike's brand-new Flywire technology, which makes them really mega-light and fucking cool, meaning that if you did happen to end up round the back of Aldi with an 18-year-old version of your mum, she'd probably fancy you too.

## ENEMIES OF TRAINERS **TERRORISTS**

Thanks to terrorists like wacky shoe-bombing letdown Richard Reid, you've got to take your shoes off before getting on a plane. Rubbish. Not only do you run the risk of holey socks being exposed to the airport, but if you're running a bit late, you inevitably end up ramming your feet back in and fucking the tongues and backs up. Fuck you, Richard Reid, you flaming shit.

## NIGHTCLUB DOORMEN

The only people in the entire world to genuinely think a pair of semi-plastic school shoes will force you to behave yourself, the Nazi tactics of nightclub doormen inevitably lead you to either a) wear crap shoes you can't have fun in; or b) do the never-convincing black-socks-over-trainers move.

# Grind it up

**YOU WEAR SOME PRETTY RAD FOOTWEAR, BUT HAVE YOU EVER TRIED TO SKATE IN SHITTY SCHOOL SHOES?**

Nah, never. I'd be so shit in a pair of haggard Kickers! I skated at the park the other day with some kid who had size 18 school shoes on – it looked pretty hard work. He said he had some tailor-made DCs on the way from the US, though.

**WHAT'S THE MOST YOU'VE EVER SPENT ON A PAIR OF SHOES?**

I remember the look on my mum's face when she bought me some £90 Es. Kostons. I tore them apart in about a week, she wasn't happy to say the least...

Whether you're kicking one at the telly to impress Supernanny or pulling off a massive 720° down the local Asda carpark, skate shoes fucking rule, and these are the best around

I never really bought that many flossy kicks, though. It's never really been my thing, to be honest.

**WHAT MAKES AN AWESOME SHOE AS AWESOMELY AWESOME AS YOU CAN GET?**

A black midtop with a vulk sole, all the way. Oh, and some sky-blue-and-black laces, just cos I like that kind of thing.

## How I got endorsed

Willow, German pro

Shouty, future collab kings

Sk8 Hi £60, from vans.com

**HELLO, LIAM, YOU'RE A MASSIVE VANS FAN. WHY?**

Three of us grew up skateboarding and buying Vans, and in every photo that we had of the band, I'm wearing Vans. Once they were like, 'Oh, yeah, maybe we'll give you free stuff!'

**WHAT ARE YOU MOST AFRAID OF FINDING STUCK TO THE BOTTOM OF YOUR FAVE SHOES?**

Condoms filled with shit, probably. Or condoms full of syringes full of puke.

**IF YOU COULD DO AN AWESOME COLLAB, WHAT WOULD IT LOOK LIKE?**

Maybe a black Sk8 High with a little 'CB' on the back. And maybe a sick, crazy designer insole. No one

would ever see it, but you'd know it was there.

**WHAT IF YOU END UP BEING BETTER KNOWN FOR YOUR SNEAKERS?**

Yeah, people will be like, 'Those shoe guys have a band? How weird. Did they name their band after their shoe?' Well, that's what we're hoping. We want to break into the shoe world.

Chuck was a high-school basketball superstar and bad-ass salesman who flogged a fuck-ton of shoes around America, doing such a good job for Converse that after he suggested a few design changes, they did the decent thing and slammed his name on the side.

## OUTTA THE SHADOWS AND RIGHT IN YOUR LUGHOLES

PICTURES: STEVE NEAVES STYLIST: WILL BARNES  
HAIR & MAKEUP: NICOLA HAFFENDEN

**ELECTRO-RAP WIZARD EXAMPLE HAS BEEN KNOCKING OUT TUNES FOR YEARS, BUT NOW WITH A TOP TEN HIT AND FANS ALL OVER THE SHOP, HE'S ABOUT TO BLOW THE FUCK UP BIG TIME...**

**HELLO, MR EXAMPLE. HOW ARE YOU ENJOYING YOURSELF TODAY?**

I'm good – it's all good. I'm loving the shadow stuff that's going down. It's all very high-concept. Nice work.

**NICE WORK YOURSELF – YOU LANDED A PRETTY TASTY PLACE IN THE CHARTS RECENTLY, RIGHT?**

Yeah, I'm really happy with it. To be honest, I didn't get into this industry for chart success. My main reason is an obsession with song-writing, but no mug's going to pay you to write songs unless you start getting hits.

**YOU'D HAVE CHARTED EVEN HIGHER IF YOU'D COVERED A JOURNEY TRACK, RIGHT?**

[Laughs] There's been three versions of Don't Stop Believin' now, right?

There's been Journey, then there's been the Glee cast cover and then there's been that X Factor one – the Joe McElderry one, or whatever.

**AND THEN THERE'S YOUR LAST SINGLE, WHICH WAS ABOUT WOMEN WHO ARE GOOD AT SEXING, BUT ARE ALSO A BIT MAD...**

Yeah, Won't Go Quietly is pretty much about women who are amazing in bed but are fucking lunatics. [Laughs] Although, I'm sure there's a lot of women out there who think I'm a fucking lunatic...

**WHAT'S THE MOST MENTAL THING A WOMAN'S EVER DONE TO YOU?**

There was one girl who was always leaving scratch marks on my back. I've had a girl throw an ashtray at

me and hit me on the chin, which fucked my jaw for about a week. I got to eat nothing but soup for ages. Then there are the women who, instead of wanting to go out for dinner, choose to go on massive ketamine binges.

**CHRIST, YOU DON'T HAVE MUCH LUCK, DO YOU?**

I know. I've even had one girl tell me that if I slept with someone else, she'd cut my dick off in my sleep. Beware, guys: these kind of people are very much out there.

**AT LEAST YOU'VE WORKED WITH SOME PRETTY SAFE DUDES OVER THE YEARS, RIGHT?**

I've been lucky, yeah. Calvin Harris contacted me through MySpace and sent me a few beats – probably the ones that weren't good enough for Dizzee's album... I ended up recording with him, so that turned out really well. In the music industry, we've got this little family going on, which is ace with the likes of Plan B and Chase & Status smashing up ▶

- Example started rapping at the age of 11 to avoid being done in by bullies and other nasty shitheads.
- The Londoner was originally signed to The Streets dude Mike Skinner's label, which went tits up in 2007.
- His real name is Elliot Gleave, or EG for short, which in turn is short for Example. Geddit?

the charts. We've all known each other for a few years, so we've been building up together.

**CALVIN HARRIS SEEMS LIKE THE SORT YOU WOULDN'T TRUST WITH SHARP OBJECTS...**

[Laughs] I don't think he's *that* mental, but I always think of him as a mad scientist-type character. I just think he's sort of zany, and he's an absolute genius in the studio with his production and his mixes being so amazing. Whenever he does interviews or shoots, he always looks a bit off kilter, though, doesn't he? He drinks about 20 Red Bulls a day, so I'm pretty sure there's a sugary kidney stone building in his body at the moment.

**ELECTRO-POP'S BEEN GLORIOUSLY FRUITY OVER THE LAST YEAR OR SO. DO YOU RECKON YOU'RE BUTCHING IT UP SOMEWHAT?**

There's been a lot of electro-pop around that has been a throwback to '80s stuff, whereas mine's a bit more British-sound electric-pop. I've got a lot of underground sounds mixed in with my stuff. I did a song called *Hooligans* last year, which is a massive dance floor-filler but it's ►

really aggressive. I suppose the main difference is that I sing and rap on my tracks, and I like to think it's a bit more 'grown up' for the clubs.

**IS IT TRICKY KEEPING IT TOUGH WHILE STILL HOLDING A CERTAIN APPEAL TO THE MASSES?**

My stuff gets played by trendy, credible DJs as well as the pop DJs. I'm probably one of the few artists who gets played on 1Xtra, Radio 1, and stations like Xfm. You know, there's not many other artists who can boast about being played on all those stations. I think I bring a real underground sensibility to pop music, but it's also quite edgy and credible and the lyrics are actually saying something rather than being a load of dross.

**FINALLY, WE HEARD THAT YOU'VE DABBLED IN STAND-UP BEFORE. JACK OF ALL TRADES, ARE WE?**

I tried it once – it was for an

experiment for a TV show. They were like, "Can you be a stand-up?" and I was like, "Of course I fucking can!" I practised for weeks, then I did a gig supporting Harry Hill in front of 500 people. I fucking shit my pants. It was really good fun, but never again.

**TELL US A BLOODY JOKE, THEN...**

For some reason, they were all leper-based. Did you hear about the lepers playing a game of cards? One threw his hand in, and the other laughed his head off. That was the pinnacle of my leper comedy days. **FRONT**

**Q: WHY DO THE CLOCKS  
GO FORWARD?**

**A:** The idea of Daylight Saving Time, which maximises the sunlight hours in the afternoon, was first proposed by Kiwi George Vernon Hudson in 1895, who wanted to be able to clock off from work early and collect all sorts of creepy crawlies before it got dark. Historical swines Germany are really to blame, though, after they brought the thing into practice to save on coal consumption in World War One, with us impressionable Brits and Yanks following blindly along.

## WE ARE THE OCEAN'S DAN BROWN

A POKE ROUND THE WE ARE THE OCEAN BLOKE'S COSY ESSEX BOUDOIR, COMPLETE WITH ACE DOG

### 1. TOUR STUFF

"If there's ever a setlist or stage-time sheet, wherever we are, I'll grab it and keep it so I can one day look back to see how we've progressed. I got some ace stuff from when we played the London Astoria. I was gutted when it got pulled down, so I'm just pleased we got to play there."

### 2. DVDs

"I hardly get time to watch films any more, but I've got shitloads of DVDs. The best film ever is probably Empire Records. It's about an independent record store that's about to be taken over by a mainstream CD chain. Nobody I know has seen it, and I think that's why I like it so much."

### 3. VINYL

"Everyone who likes music should own at least a bit of vinyl. I'm a particularly big fan of the weird-shaped records and picture discs, and I especially like my Taking Back Sunday and Thrice records."

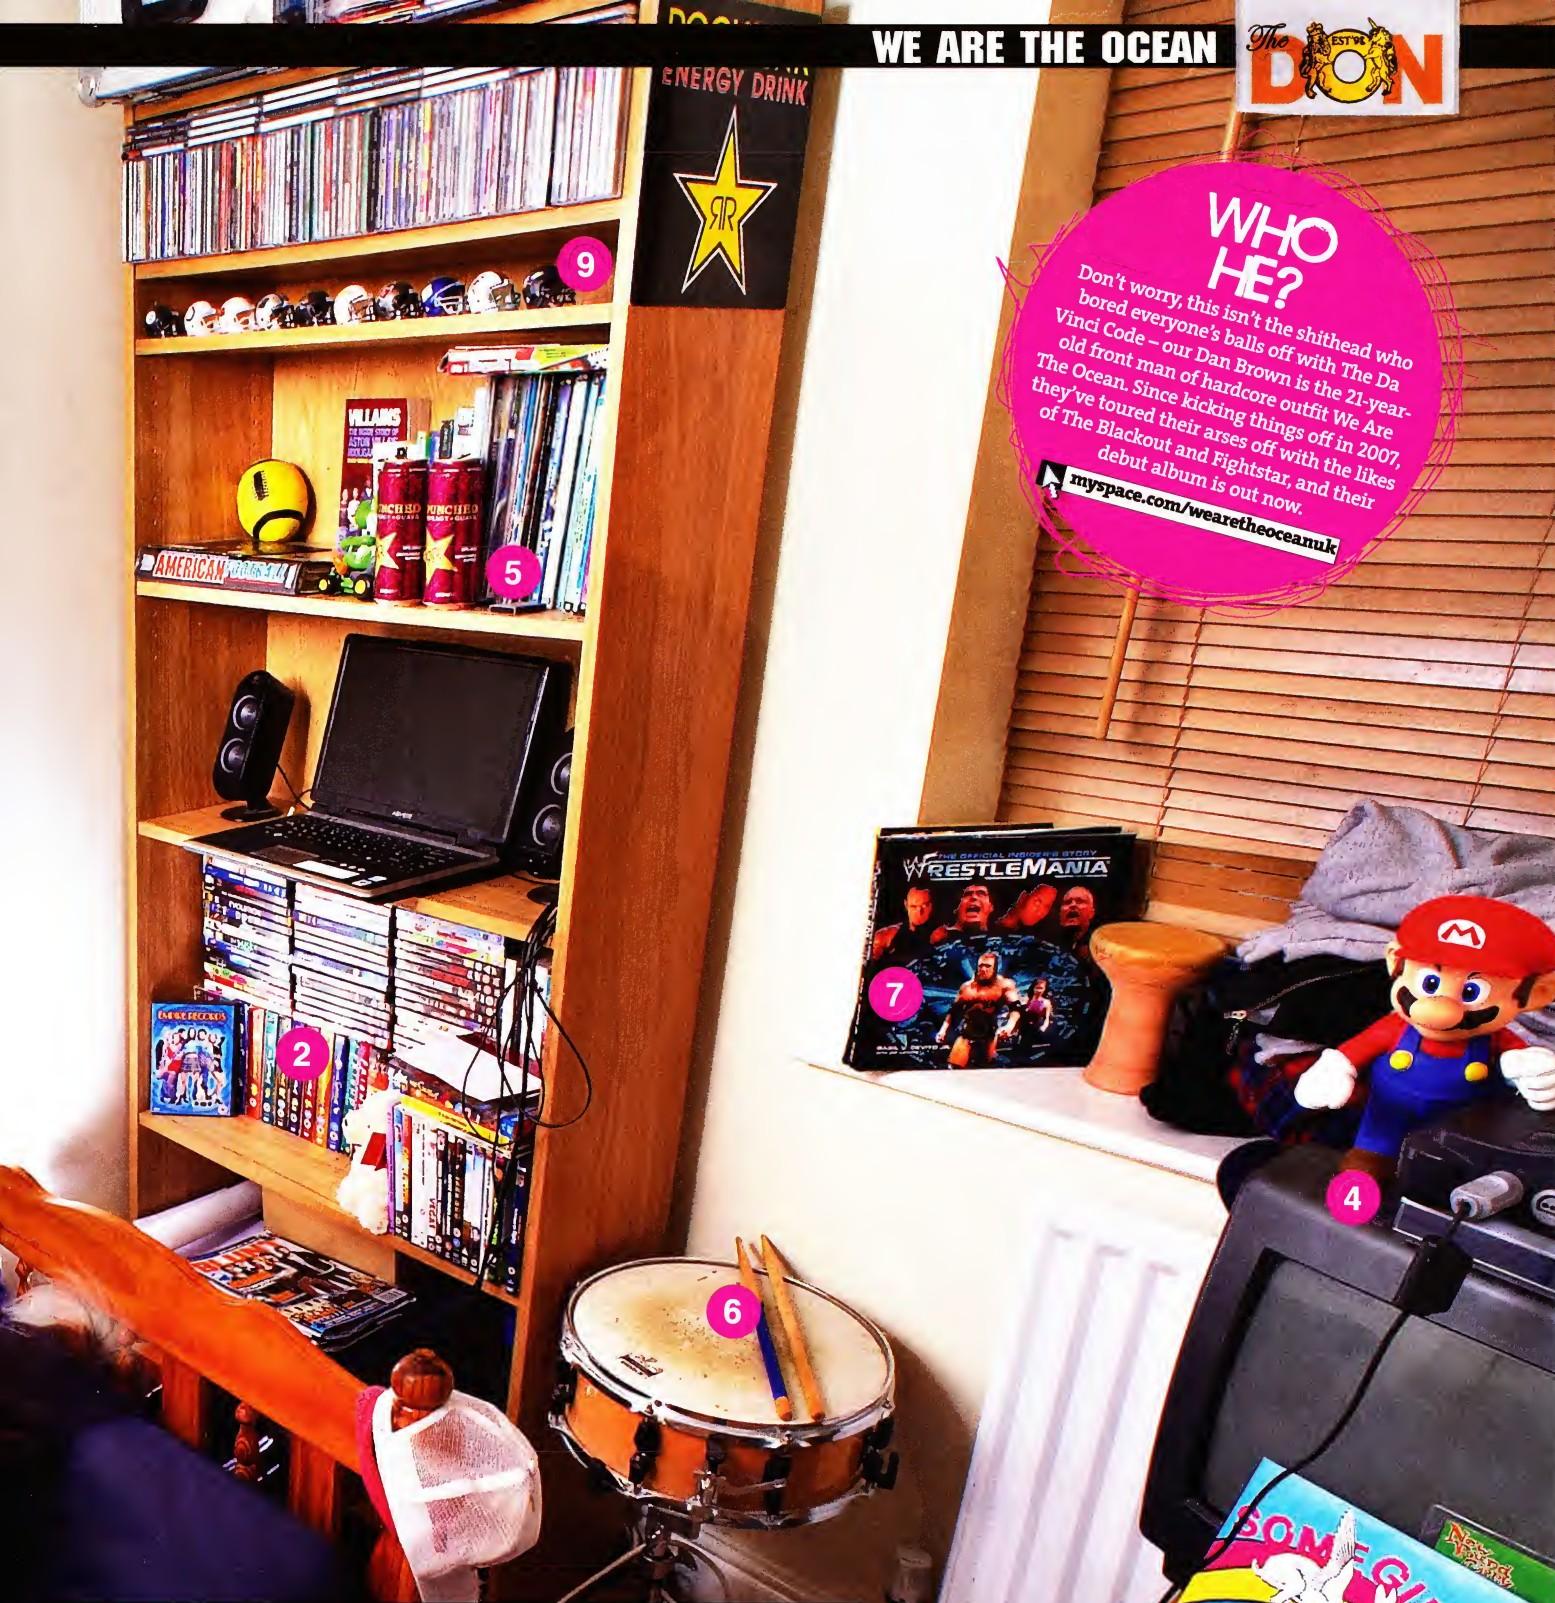

### 4. NINTENDO

"The N64 is probably my favourite games console ever. It's the first one I ever got and it came with some absolutely classic games. My brother got the PlayStation and a Dreamcast, but I always stuck with the N64. Mario Kart 64 is probably the best game ever made."

### 5. COMICS

"My collection isn't that extensive, but I've got enough to keep me going. I've got some old Incredible Hulk ones that are pretty cool. I've no beef with DC, but it was just all about Marvel for me."

## 6. DRUM

"I started drumming when I was about seven. I try to play as much as possible, but I don't have a drum kit in my bedroom like I used to. When we're on tour and we're sound-checking, I'll have a play."

## 7. WRESTLING

"I used to be big into it, but not any more. I don't like the way it's gone recently, but back in the day I was far too into it for my own good. Me and my brother always used to have to tape the big monthly events because they were always on proper late on school nights."

## 8. POOCH

"My dog, Jacob, is 14 now. He's brilliant, but he gives me a bit of grief when I'm home sometimes – he wants far too much attention. I'm on tour a lot and I always miss him, so it's good to go home and see how excited he is."

## 9. MINI HELMETS

"My brother was the one who got me into American football. A lot of people don't give it a chance, but I just love it. I've thought about trying out for a few teams, but I don't really have the skills or the size for that sort of shit."

### FOREVER YOURS

"This says 'Eternamente Tuya' in Spanish, which means 'Forever Yours'. When my grandad was in the Navy, he'd end every letter to my nan with 'forever yours' in the language of the country he was in."

### BLACK FLAG BARS

"A lot of people say you have to earn your bars. We played with [Black Flag man] Henry Rollins and he really liked us, so I definitely earned them."

### GALLOWS

"I've got 'Gallows' tattooed inside my lip. I got this done just because I was having the best time ever out at South By Southwest. It was where we first got spotted by a lot of American labels and bands that really set us up for the future."

#### STAY GOLD

"I've got 'Stay Gold' on my knuckles, which is a play on the traditional tattoo phrase 'Stay Gold'. 'Stay Gold' is a Gallows song from our first album, so when I was hammered on tour thinking of something I could get on my knuckles, that's what I chose. It fits perfectly."

#### SKULL 'N' SNAKE

"I got this on the Warped Tour this year. Basically, it was a ten-week-long tour in the searing heat and everyone just looked and felt like death. This is to remind me that not every minute on tour is a shit-load of fun, and that there's times where you feel like dying."

## With Von

**SHE DOESN'T BEAT AROUND THE BUSH  
UNLESS SHE'S HAD A FEW PINTS  
AND FEELS A BIT PLAYFUL**

### WORK WANK WOES

I've started wanking at work, Von. It's a great way of passing the time and a great way of releasing stress, but I've started to feel like my colleagues know what I'm doing and it's affecting my performance on all levels. Any advice on how to up my game?

Brian, Manchester

Not long ago, I was in the exact same situation – the second I got bored in the office, all I wanted to do was lock myself in the disabled loos and wank myself blind. I've taken photos of myself in there and had phone-sex. Last week, I didn't wash my hands, full-on went for it and hand-raped my colleague James's possessions: work mug, pens, stapler, the lot. I have serious issues. If I were you, I'd crank it up a notch and go for the danger wank. Try doing it secretly in your next meeting, or on the casual at your desk. Or, like me, get in the disabled bogs, pull your kecks down, yank the orange emergency cord, and see if you can finish the job before help arrives. Good luck!

### SHALL I TELL HIM?

I'm living at my mate's house while I'm between flats. I pulled a right rough girl while he was away and banged her in his bed. I changed the sheets and shit, but I've got a bit of a guilt trip on. But, the real question is: would it have been more polite to bang her on his sofa?

Tony, Crawley

I would have banged her in every room, Tony, used his deodorant can as a dildo and cleaned the love-juice stains off the furniture with his toothbrush. What he doesn't know won't kill him, after all. Guilt isn't a real emotion, anyway – I'm sure Loose Women made the whole thing up. Anyway, just block it out – it doesn't exist, therefore it isn't real. That's how I get through life – it makes things like cheating, stealing and murder seem

### Von's NAUGHTY DOs & DON'Ts

Just in case you're a virgin, sexually frigid or have never before watched a porno, the 69 is where you and your partner orally stimulate each other simultaneously. Some of us love it and others not so much. **DO WASH** – seriously, it's mega grim sucking off someone who tastes like cheese or whose frosty butt-crack you can smell, and **DO**

### #10 THE 69

**GROOM** – hairy balls are gross, and I'm not sucking on them. **DON'T BE FAT**, and if you are, don't go on top. **DON'T GET OVER EXCITED**, and try to stick to the same pace as your partner – someone made that mistake with me once, and I came so hard that I bit into his cock like it was a cheap hotdog bought in the rain outside a Walkabout.

### Contact Von

Is your groin a confused area? Let Von straighten it out. Relieve yourself by writing to

**myspace.com/frontmag**

**front@frontarmy.co.uk**

**TXT 07717 605 946**

much better after you've accidentally done them too.

### I'M GONNA BLOW IT – LITERALLY

My love life has been a little dry of late, Aunty Von. I split up with my long-term girlfriend a few months ago and have only had one one-night stand since. I've had plenty of opportunities to get busy with a lady, but I'm really worried I'm gonna be really effing shit and spuff too early, so I just bail out to save the embarrassment.

Adam, Poole

It's likely that you will spuff early, Adam – just accept it as a fact, and look at ways around the problem. You'll need to counter your potentially poor performance with a lot of wanking. Seriously, I believe wanking solves everything – it could probably cure climate change and AIDS if world leaders just gave it a chance and played soggy biscuit instead of having endless meetings. The more you wank, the longer it will take for you to shoot your load, so get one in at every given moment. My favourite times tend to be the second I wake up and just before I go out, though a pre-date wank would work just as well. As for being a bit shit, watch yourself a lot of porn – this will also help with the wanking I mentioned earlier – but make sure you don't just skip to the hardcore nailing shots. Watch, learn, and you'll be back on form in no time, I guarantee it.

**OKAY, READERS,** be prepared to do nothing for a month. When it comes to JRPGs (the 'J' stands for 'Japanese', by the way), nobody makes them like Square Enix. Nobody. In its first next-gen outing, they've pulled out all the stops to make this one of the most full-on beautiful games out there.

If you've never played a Final Fantasy game, it's high time you did – it's like the best series of games ever made, and this is one of the best ones of it, which by a scientific process of scientific science makes it one of the bestest games of all time.

There are new battle and upgrade systems, the whole thing feels more fluid and urgent, and

The only downside is the addition of Leona Lewis to the soundtrack. As any big fan of the ace Japanese soundtracks to the FF games will agree, there's no need. Bleeding Love? Bleedin' unnecessary.

### SIMMY'S MAD LAME SOCIAL NETWORKING GAME OF THE MONTH: KINGDOMS OF CAMELOT

Basically, this is a Facebook strategy game set in the times of King Arthur, where you build cities and castles and fight with knights and take shit over. It's addictive as fuck and totally rad. Get it at [apps.facebook.com/kingdomsofcamelot](http://apps.facebook.com/kingdomsofcamelot)

### NEWS

Kerazy Wii fighting game No More Heroes returns at the end of April, with a kick-ass sequel entitled No More Heroes 2: Desperate Struggle. Seeing as the last one was all kinds of awesomeness (even for a kiddy Wii game), we can't chuffing wait.

### SIM-WISE'S GAMES I'D LIKE TO SEE

## ACTION YAKUZA 3

PS3

**LIKE GODZILLA**, willies with tentacles and knicker machines, the Yakuza series is huge in Japan – this open-world fighter was one of their biggest sellers in 2009. However, a lot is lost in translation. There's a clunky narration system, weird voice acting, and stupid bleeping to piss you the shit off. It's a shame, as once you get into it the fighting system is really fun, the side missions (including vintage SEGA arcade games) are awesome, and the attention to detail is fuckin' MAD.

# KIDS IN GLASS HOUSES

## DIRT

**CARDIFF MOSH-POPPERS** Kids In Glass Houses won themselves a lot of admirers with last year's Smart Casual album – their track Girls even became the theme music for that weird MTV show where Calum Best tried not to fuck anyone for 50 days – and now, less than 12 months later, they're back with an even henchier set. Wisely, they haven't changed their basic formula – shit-kicking verses followed

by shiny poppy choruses that make you want to fling a plastic glass of snakebite into a festival crowd – they've just tightened it right up till it squeaks like a midget-fart.

While we're here: is it just us, or do 98 per cent of the UK's hardcore-influenced bands come from either Essex or Cardiff? Are they putting something abrasive in the water that gives everyone screamo

voices? Do school-kids there sing Fugazi songs instead of hymns during assembly? Wha' g'wan?

## THREE MORE MUSICAL KIDDLYWINKS

**1**

### THE KIDS FROM FAME

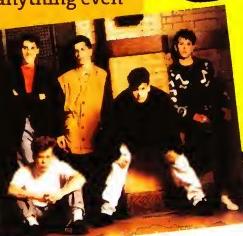

The fresh-faced cast of hit show *Fame* had a couple of top-ten hits in the early '80s, but then everyone got sick of their bellowing and prancing and leotards. Twenty-five years later, though, bellowing and prancing and leotards are back with a vengeance, so they had the last laugh, innit.

**2**

### NEW KIDS ON THE BLOCK

Your mum probably rubbed one off to these early-'90s heartthrobs – they were bastardizing massive, despite the fact that they never released anything even approaching a good pop song. There was a lot of winking 'n' crotch-thrusting, and that was apparently enough in them days.

**3**

### BLACK KIDS

This Florida indie band were so ridiculously hyped before they'd even signed a record deal that the backlash kicked in before they'd release their debut single. That's how fast shit moves now. We sometimes slag off bands that haven't even been born yet.

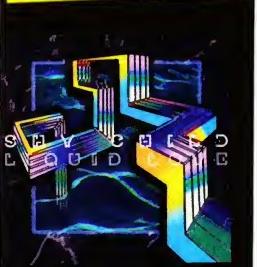

## DRUNK ROCK TITUS ANDRONICUS THE MONITOR

**BACK IN JANUARY 2009**, we loved the debut album by these noisy Noo Joizy kids so much that we crowned it Album Of The Month and predicted they'd soon be bigger than God, sex and burping combined. As it turns out, we weren't quite correct, but that's more down to the British public

having no taste and being deaf bastards than any misjudgement on our part – alright? Anyway, here's the sequel: not *quiite* as good as the first one, but still better than whatever that din is you're listening to right now, that's for sure.

*Released 9 March*

## FURTHER LISTENINGS

### ELECTRO-POP SHY CHILD LIQUID LOVE

This New York duo have released three ace albums of noisy-ass synth-pop, but for this fourth one they've reined in the mania a bit and gone for the sort of thing you might hear on a yacht full of coked-out supermodels. If you like Chromeo 'n' all that sorta thing, you will most probably like this.

*Released 1 March*

### METAL THE BLACK BOX REVELATION SILVER THREAT

We've all had a "black box revelation": you pull a 'blonde' girl, get her home, off come the knickers and then – pow! The truth is out. Anyway, these Belgian rockers have focused the crushing disillusionment of moments just like that into 12 tracks of gnarly, leather-wearing, cop-punching booze-raawk.

*Released 22 March*

### HARDCORE LOWER THAN ATLANTIS FAR Q

This trio mix up cutting-edge riffing'n' screaming with observational lyrics about life as a skint and bored-as-fuck UK yoot – this has to be the first hardcore album that name-checks MSN Chat, PG Tips and the Daily Mail. It also features easily the best song title of the issue in I'm Not Bulimic (I Just Wanted To See How Far I Could Stick My Fingers Down My Throat). Mmm, yes – we like this one.

*Released 29 March*

## DANCE

## CROOKERS TONS OF FRIENDS

**OH FUCK YES**, this is a proper laugh. You'll know Italian duo Crookers from their all-conquering remix of Kid Cudi's Day 'N' Nite, but, like us, you might've assumed that they were one-tune wonders. But paint us pink and call us Deborah, they've only gone and made an entire album of electro-hop

bangers, featuring guest spots from a cast of thousands (well, dozens). So good, it sounds like a shoot-out in a Baltimore strip-club.

*Released 8 March*

## INDIE

## PAVEMENT QUARANTINE THE PAST

**THE RECENTLY REUNITED** Pavement are probably the most influential US indie band of all time. Pretty much any group that's mixed smart lyrics with wonky riffage over the last two decades owes them a huge debt – particularly Blur, who caught flack from Pavement's Stephen Malkmus when they suddenly started sounding a lot like his

band. Well, now Blur can repay that debt by coughing up £7.99 for this greatest hits collection, featuring 23 of Pavement's best-loved grungy ditties.

# NU METAL COMEBACKS

RED CAPS AND BAGGY TROUSERS ARE SET  
TO RULE AGAIN, MEANING A WELCOME RETURN  
TO ACTION FOR THESE ANGSTY HEROES...

## LIMP BIZKIT

**FORMED:** Florida, 1994

**COMBINED AGE:** 175

**BEST ALBUM:**

Significant Other (1999)

**CHOICE LYRIC:** "I'm  
like a chainsaw. What?  
A motherfucking  
chainsaw" ("Break Stuff")

**APPROX RECORD SALES:**  
50 million +

**WHAT'S IN A NAME?**

The two most common explanations for the name come from a) Fred's dog Biscuit, who started limping after getting hit by a car; and b) you know, dudes having a wank-off around a biscuit.

**TOKEN RAP-HOP  
SUPERSTAR CAMEO:**

Method Man  
(N 2 Gether Now)

**FUN FACT:** The ceramic bunny that guitarist Wes Borland carries around is called Lucy.

**THE LOOK:** Baggy clothes to hide your bulging waistline; red cap to hide your receding hairline; nondescript sleeve tattoos from the Art School Of Any Old Shit.

**WTF LOL:** While playing the Ozzfest in 1999, the band's stage setup was focused on a giant toilet they all emerged from.

# LINKIN PARK

**FORMED:** 1996, California

**COMBINED AGE:** 195  
**BEST ALBUM:** Hybrid Theory (2000)

**CHOICE LYRIC:** "Shut up when I'm talking to you. Shut Up. Shut Up. Shut Up" (One Step Closer)

**APPROX RECORD SALES:** 60 million +

**WHAT'S IN A NAME?**

Linkin Park took their name from a local park, Lincoln Park, after legal issues forced them to drop the name Hybrid Theory, which they used for their first album instead.

**TOKEN RAP-HOP SUPERSTAR CAMEO:** Jay-Z (the Collision Course album)

**FUN FACT:** The backwards 'N' used on the Linkin Park logo around the release of Hybrid Theory would actually make their name pronounced 'Licky Park' in Russian, the language the symbol is taken from.

**THE LOOK:** Last kid to be picked in PE vibe; flame sleeve tattoos from the Art School Of 'Dad Can I Have A Tattoo Please'; malnourished, rickets frame.

**WTF LOL:** Aside from the alcohol and drugs and depression problems, Linkin Park probably deserve the crown for Least Exciting Band In History. Seriously. Having two vanilla scoops in their 99s would probably make them have nosebleeds.

## DON'T CALL US, WE'LL CALL YOU

DON'T EXPECT TO SEE EVERY NU METAL ACT OF YORE COVERING THEMSELVES IN GLORY ANY TIME SOON...

### CRAZY TOWN

**THEN:** US number one and UK number three with single 'Butterfly' in 2001, the video for which contained far too many topless dudes.

**NOW:** With a new album on hold, front man Shifty Shellshock 'starred' in reality TV shows Celebrity Rehab and Sober House in 2008 and 2009.

### DEADSY

**THEN:** Two-time performers on the Family Values Tour (2001 & 2006), sharing stages with Linkin Park, Korn and Deftones.

**NOW:** On indefinite hiatus, with keyboard player 'Dr Nner' recently quitting the "rough and tumble" nu metal lifestyle to become a carpenter.

### VANILLA ICE

**THEN:** Ice Ice Baby sleaze Robert Van Winkle reinvented himself as a nu metal rapper with 1998's awful Hard To Swallow.

**NOW:** Peddling Ice Ice Baby again alongside semen-quiffed Jedward.

### POD

**THEN:** Christian band who shifted over three million copies of second album Satellite in 2001, off the back of 'isn't life wonderful' single 'Alive'.

**NOW:** Performing at Disney World and shifting half a million copies of their most recent studio album to religious types.

# KORN

**FORMED:** California, 1993

**COMBINED AGE:** 234

**BEST ALBUM:** Follow The Leader (1998)

**CHOICE LYRIC:** "Da boom na da noom na namena" (Freak On A Leash)

**APPROX RECORD SALES:** 25 million +

**WHAT'S IN A NAME?**

Not a lot, it would seem. Apparently, it just kinda came to front man Jonathan Davis, with the backwards 'R' a result of drawing the logo with his wrong hand to get a more child-like look.

**TOKEN RAP-HOP**

**SUPERSTAR CAMEO:** Ice Cube (Children Of The Korn)

**FUN FACT:** Davis's kids are called Pirate and Zeppelin.

**THE LOOK:** Adidas branding

that kinda goes against the whole 'alternative' thing; smelly-looking dreads; sporran in which to keep pies to feed into your face.

**WTF LOL:** Guitarist Brian 'Head' Welch quit the band in 2005, swapping such songs as All Day I Dream About Sex for "the Lord Jesus Christ as my saviour". After a visit to Israel, 'Head' announced he was to record as a solo artist, stating: "I want to use every dime of the money I make off the songs to build skate parks for kids."

**ALSO OUT****DRAMA****THE SCOUTING BOOK FOR BOYS****STARRING: THOMAS TURGOOSE**

Penned by a Skins writer and starring Thomas Turgoose (the little dude from *This Is England*) as an angsty teen growing up on a caravan park and getting into mischief. There's neither a boy scout or campfire burning in sight, confusingly.

*In cinemas 19 March***THRILLER SHANK****STARRING: ADAM DEACON, STABBINGZ**

It's 2015 and London is fucked. That's what's going down in *Shank*, anyway, which follows a gang of wrong'unz out for some stabby revenge. If you were digging stuff like the incredible *Kidulthood*, you should have a fair bit of time for this bad boy.

*In cinemas 26 March***SWERVE THIS****FAMILY NANNY MCPHEE & THE BIG BANG****STARRING: EMMA THOMPSON**

Unless the prospect of a plastic-toothed Emma Thompson gives you a door-breaker of a hard-on, you'll find nothing but a cock-piss of a plop here.

**HORROR****THE CRAZIES****STARRING: TIMOTHY OLYPHANT, CRAZY MOFOS****AS CLASSIC HORROR-FLICK**

remakes go, most of them are a big load of old wank. 2003's version of *The Texas Chainsaw Massacre* is, like, LOL funny when compared to the nerve-shitter '70s original. And now comes a remake of *The Crazies*, a creepy-assed film originally from 'lord of gore' George A Romero.

Thankfully, the 2010 effort stays well loyal to Romero's twisted yarn about a town that goes batshit mental after a chemical disaster. This one's in the same vein as other Romero zombie-tastic flicks such as *Dawn Of The Dead* and all that, so expect a) loads of lovely deaths; b) flesh-eatings aplenty; and c) to jump out of your sissy skin at least

eight to ten times.

It's a great one to take someone of a nervous disposition along to, and revel in their gradual in-cinema breakdown. Just make sure they're not so nervous that they instantly turn mental and eat your delicious brains. That would be well ironic.

COMEDY BOXSET

# EASTBOUND AND DOWN

**STARRING: DANNY McBRIDE,  
SWEARING**

IMAGINE NIPPING down Aldi one day and finding Wayne Rooney stacking shelves, or some weird shit like that. That's kinda what's going down in this proper-sick US comedy series, which follows the shambolic life of fictional faded baseball hero Kenny "Fucking" Powers.

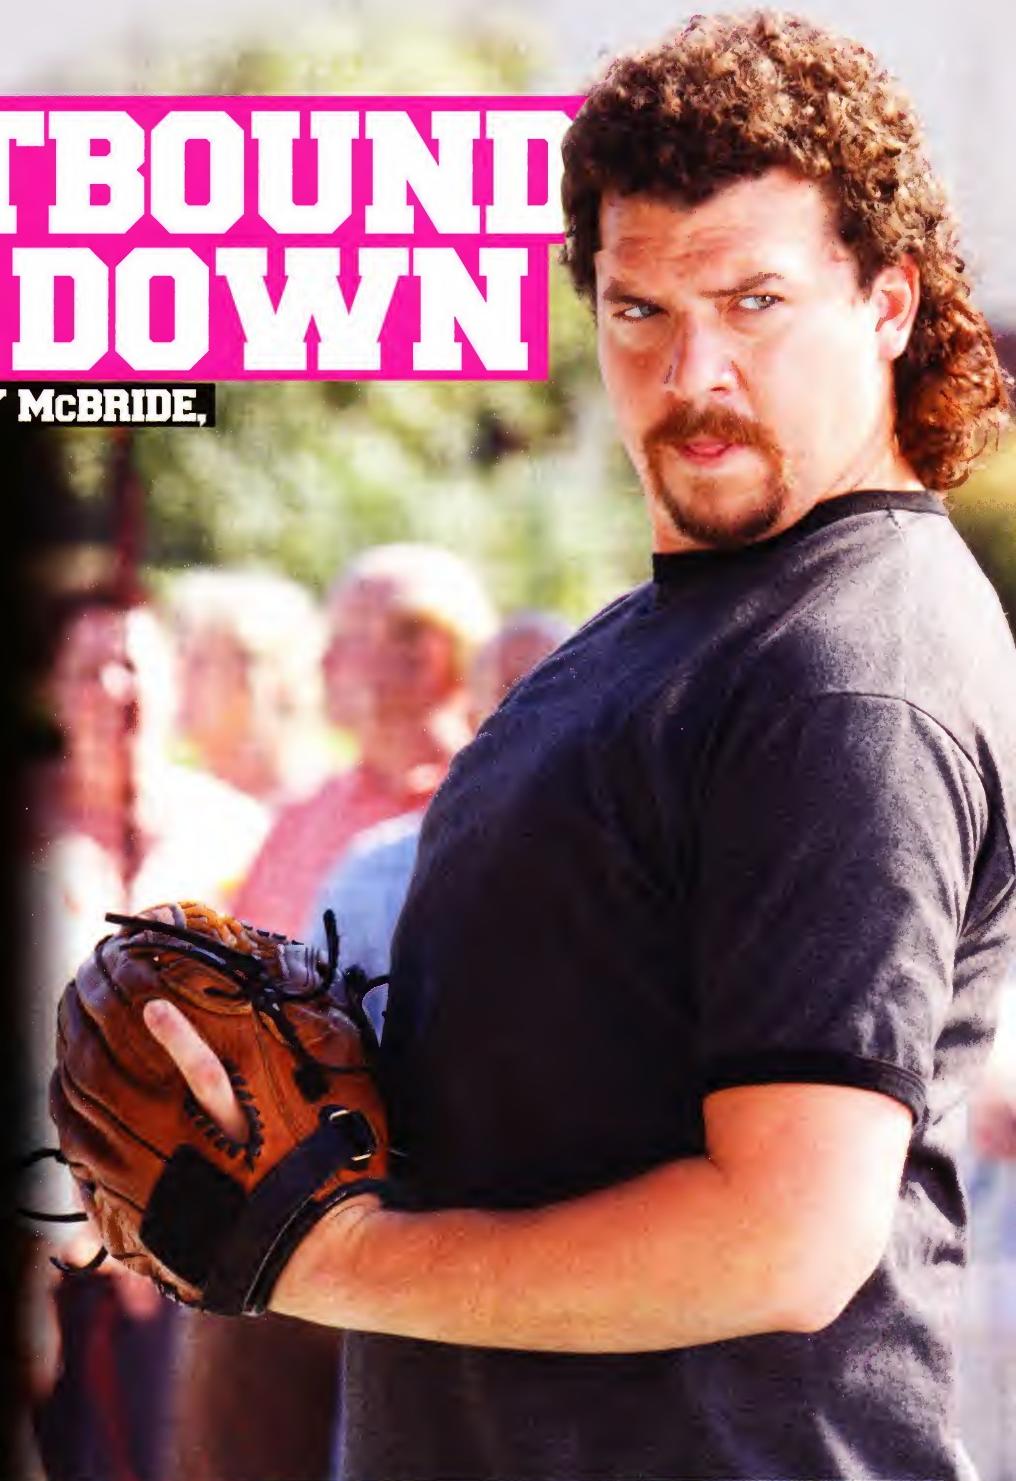

It's from the hooty-tooty minds of that 'Brat Pack' bunch (think Will Ferrell and co) and stars Danny McBride, who's fast becoming one of the most shit-hot cult comedians to come out of the US of A. You might have seen him crop up in stuff like Seth Rogen's Pineapple Express and the mighty Hot Rod.

In this, though, he's an absolute fucking treat as hugable shithead Powers, and the whole thing is riddled with jokes about retards, fat kids and outstandingly inappropriate swearing. Expect wee-wee pants laughing and humour as dark as the devil's dick.

*Released 15 March*

## OTHER BLOODY FUCKING SWEARY TELLY SHOWS

### THE THICK OF IT

BBC4's comedy about politicians dicking each other got a lot of loving last year after ace movie spin-off In The Loop turned cinemas blue both here and across the pond.

**BEST CURSE:** "I'm sorry, you won't hear any more swearing from us, YOU MASSIVE GAY SHITE! Fuck off!"

**SWEAR FACTOR:** 5/5 fucks

### DEADWOOD

The fruity language was flowing like a fucking river in this HBO Wild West series from a few years back. Kinda like the third Back To The Future, but littered with "cocksuckers" and whatnot.

**BEST CURSE:** "How's that pussy lotion? Should I try some on my ass?"

**SWEAR FACTOR:** 4/5 twats

### THE INBETWEENERS

These loveably shit virgins also swore like a bunch of bastards, and pretty much made 'clunge' the word of '08.

#### BEST CURSE:

"A load of vodka and Creme de Menthe. When she sees you like this, she'll be frothing at the gash."

**SWEAR FACTOR:** 3/5 wankers

# COMEDY ZOMBIELAND

**STARRING: WOODY HARRELSON, EMMA STONE**

**IF WE WERE** flesh-eating bastards, we'd like to think it would be Cheers legend and all-round dude Woody Harrelson who would eventually blow our balls apart.

And that's why Zombieland is fucking rad, cos it's full of gleefully silly shit like that. Any laff-tastic zombie romp is a winner in our sticky book (Shaun Of The Dead is still fucking ace) but chuck in badass Yankee one-liners, a bunch of Hollywood heroes and the über-fit Emma Stone, and you've got enough to give even the limppest of dead zombie knobs a delightful little tickle.

## TV COMEDY-DRAMA DOC MARTIN: SERIES FOUR

The most gentle show on telly returns.

It's nice to think of someone really, really waiting for this to come out on DVD, and setting an alarm so that they can be the first person in HMV that day, then running home to an orgy of fingering and illicit dog-breeding.

## DELUXE REALITY

## MOST HAUNTED: SERIES 12

All the highlights from the most recent series, including the episode where Yvette

Fielding is felt up by a randy spook, which eventually turns out to be Derek Acorah wearing a bed sheet.

## THRILLER TRIANGLE

A boat ends up lost in the Bermuda Triangle and then Angel from Home & Away starts having murderous spaz outs and flashbacks. Films set on boats where things go wrong shouldn't be this boring or confusing. At least in Titanic you got to see Kate Winslet's steamy booby and Leonardo Di Caprio drown.

## DRAMA SKINS: SERIES 4

**STARRING: JACK O'CONNELL**

**IT'S CLOSED CURTAINS** and dangerous boners at the ready as Bristol's most over-sexed teens return for a fourth year of debauched doings.

It's all a bit of a bloody shambles, to be honest, but a ridiculously sexy one where you can ogle at the glorious Kaya Scodelario (who plays Effy) from the comfort of your own disgusting couch. One day, there will be a spin-off series

called Effy where it's just 50 minutes a week of watching her do lovely things like make cakes and playing with a Nintendo Wii. This is a really good idea and in no way creepy.

*Released 22 March*

## THRILLER PARANORMAL ACTIVITY

**STARRING: MICAH SLOAT, SPOOKS**

**DO YOU HAVE AN** unwanted presence lurking as you sleep? Chances are it's either your 'friendly' uncle Johnny or a pesky spook. If it's the latter, you'll have a fair bit of sympathy for the couple in this cheap-ass budget spine-chiller.

Pissed off with things going bump in the night, they set up a camera to see what's going down and discover that something's haunting the

fuck out of their bedroom. It's all a bit Blair Witch, minus the snot and woodland bummings, and there's a few jumps to be had. It may give you the willies, or it may not. If it doesn't, we're sure old uncle Johnny can help you out...

The award-winning show follows a group of plane crash survivors stranded on a mysterious island. Fans have become hooked on its ludicrous scenarios and dastardly plot twists, which – please, Jesus – will all tie up nicely in its sixth and final season, which is on your satellite telly-boxes right this very second.

Brain-box surgeon Jack somehow finds himself picking up the shitty pieces after the crash, with people looking to him to hold their hand and make all the bad things go away. When he's not sorting out everyone else's life, he's putting himself about with the ladies of the island.

**THE SHITTY ONE****NINA MYERS**

# PORSCHE 911 GT3 RS

**£100K**

IT MAY HAVE been going for 40-odd years, so technically it should be a fat, middle-aged mess, but the GT3 RS is the balls-out, track-focussed Porsche designed to put a huge smile on your pie-hole. It uses the same engine as the regular 911 GT3, but this one's had some sauce added to give an extra 15bhp kick. The power is enough to make the difference, but with added aero package, less weight and shorter gearing, it's an absolute monster on the road.

Thing is, it ain't cheap. The optional lightweight battery will set you back a cool grand, while the carbon ceramic brake discs are £12k each. With semi-slick track tyres and a roll cage, it's made for blasting around a track, but it's equally at home on bumpy roads. Looks mental, too, with that dirty great spoiler and orange graphics.

**SKIDS NEWS****PARK WITH MATHS**

Maths is one massive headache, but some men with beards have used it to create a formula for perfect parking. Professor Simon Blackburn from Royal Holloway College claims to have worked out the angles needed to make even the trickiest parallel parking manoeuvre a piece of piss, though he's not smart enough to help you avoid parking tickets.

**WORLD'S FASTEST ELISE**

A driver clocked doing 173mph in a 50 zone has escaped jail after his lawyer proved his Lotus Elise wasn't capable of going so fast. Tex O'Reilly proved his car had a top speed of 127mph, although he was still handed a £5k fine and two-year ban for admitting doing 105mph.

**KNOW YOUR ENEMY****NO. 33: MINI ROUNDABOUTS**

What is it about mini roundabouts that turns perfectly normal drivers into dithering bellends? They can be weaving through busy city roads all day, but then these scaled-down mofos crop up and fry even the smartest of minds. Yes, it's smaller than normal, but it still works in the same way. Just like your willy.

## THREE MORE PORKERS THAT ALL COST LESS THAN A NEW MONDEO

**BOXSTER S  
FROM £7K (USED)**

The girly Boxster may suffer from an image problem, but look past that and you've got one of the best-handling sports cars ever made. Plump for the 3.2ltr S version that has the go to match the show.

**CAYENNE 3.2  
FROM £12K (USED)**

The big 4WD Porsche may look like the designer shat it out after a heavy night, but it's a great car. Solid, strong and able to tackle offroad stuff, it's a lot of car for the cash, even if the fuel and tax bills will bankrupt you.

**911 CARRERA 996  
FROM £13K (USED)**

Believe it or not, you can pick up a genuine 911 for under £14k. It'll be a 1999 model with big miles, but these things are pretty bomb-proof and they still look the part. Pricey if it goes wrong, mind.

## CATERHAM SEVEN £13K

SEEN THOSE LITTLE cars attached to the back of motor homes? Well, how about this for the ultimate toy. The Sunseeker Predator 108 carries a Caterham Seven in its garage, so your billionaire can bugger off wherever he fancies in his yacht and still have a set of wheels with him when he docks in Monte Carlo, St Tropez, or Rhyl. The Caterham Seven 1.4ltr starts at a very reasonable £12,995. Unfortunately, you'll need over £7 million for the Sunseeker. Bollocks.

**IN A NUTSHELL**

FORGET THE YACHT AND YOU'VE GOT A CRACKING LITTLE RIDE.

ULTIMATE ADDITION TO YOUR YACHT!

**SPECS**

■ <b>POWER</b>	105BHP
■ <b>0-60MPH</b>	6.5SEC

# DEVIANCE

**STARRING: EVA ANGELINA,  
ALEXIS TEXAS, TEAGAN PRESLEY,  
SHAWNA LENEE, LEXI BELLE**

**CAN A GRUMBLE FILM**  
genuinely be life-changing?  
We're confused. Like, we  
suppose if your mum found it  
under your bed and kicked you  
out of the house, that'd be life-  
changing porn. Or if you went  
at it too madly and ripped  
your dick off – that'd be life-  
changing porn too, we guess.  
Otherwise, it'd have to be this,  
which is about as life-changing  
as three hours as ladies getting  
bummed in the mouth, fanny  
and, er, bum can be.

There's boobs aplenty,  
fannies a-many and strap-ons  
a-fuckload, and it'll leave you  
with post-spill guilt by the  
fucking barrel. As everyone  
knows, though, an even  
number of wrongs make a  
right, and at three hours long,  
there's plenty of 'inspiration'  
here, so have another go and  
make the world a smiling place  
again. The Earth's children will  
thank you for it. Think of the  
children. Actually, don't.

## IN A NUTSHELL

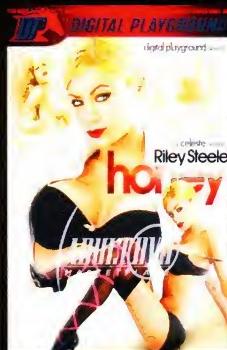

THREE HOURS YOU'LL  
NEVER FORGET, LIKE YOUR  
FIRST GIG, OR WHEN DAD  
WORE A DRESS TO CHURCH.

## ALSO OUT

**DISAPPOINTING**  
**RILEY STEELE:**  
**HONEY**  
**STARRING: RILEY STEELE**

The charming Riley Steele is outnumbered by a bunch of bald dudes, making the whole thing like trying to chat up a lady outside a gym filled with hairless beefcake 'roided knobsacks.

**HARDCORE**  
**STOYA: PERFECT PICTURE**  
**STARRING: STOYA**

Stoya, a barman, a dude who looks like Angel from Buffy, a dude who looks like Bolton's Sean Davis and various naked ladies have a hell of a time.

**DIGITAL PLAYGROUND**  
**STOYA: PERFECT PICTURE**  
**STARRING: STOYA**

**BRIT WOMEN LOVE PORN**  
**STARRING:**

Gritty Brit compilation starring the kind of women you'd meet in a Lloyds Bar rather than a Wetherspoons, and featuring the high production values of a good episode of You've Been Framed.

THE FINEST LADIES DOING THEIR SEXY ROUNDS ON THE INTERNET THIS MONTH

## 5 PLAYFUL ALICE▼

"I play full ace" is something somebody with poor English might say during a game of poker, and it's an anagram of Playful Alice, who we'd like to play quite a few games with, if you know what we mean.

[playfulalice.com](http://playfulalice.com)

## 4 MONICCA▼

Monicca continues in her quest to have a continually slightly-misspelt name – not spelt completely wrong like someone claiming to be called Steeeeve or Maffew, but wrong enough that you do a double-take and look at her loveliness twice.

[watch4beauty.com](http://watch4beauty.com)

## 2 LONDON HART NEW ENTRY

We'd really like to spend a lot of time in London. London seems like somewhere it would be great to be in for a while. By this, of course, we mean that we'd really like to insert our genitals into London Hart's genitals.

[londonhart.com](http://londonhart.com)

## 1 HOLLY D NEW ENTRY

Lovely Holly also pops up on p128 in our Readers' Ink section. She's one Holly D we wouldn't mind spending two weeks on every summer (it sounds like 'holiday', yeah?). We'd bring back duty-free and a straw hat. We're not even sure what we're talking about.

[burningangel.com](http://burningangel.com)

## 2 TEEN KATIE▼

What happens when Teen Katie turns 20, eh? She'll have to take her passport down to the Post Office and change her name by deed poll, and new passports aren't cheap. Her parents, Mr and Mrs Katie, should have thought it through, really.

# The Front MANIFESTO

## NO FAKE BOOBS

All the girls in FRONT are 100 per cent natural in the boobs department. They may have fake eyes, legs or arms, but their boobs are most definitely not made in a factory in China. No way José.

## FRONT IS NO LADS' MAG

Contrary to what fools claim, FRONT is not a lads' mag. FRONT is a blokes' mag for proper gents. This is totally, *totally* different. It might sound the same, but it's fucking not. Tell anyone that disagrees with you on this to go do one.

## FLYING THE NIPPLE FLAG

FHM and Maxim (RIP) have rid their pages of nipples, but FRONT will not follow suit. We think nipples are pretty good, and you lot seem to be quite big fans of them too. If the nipple police come knocking, rest assured we'll hide behind the sofa and not answer the door.

## THE INDEPENDENT MAG

FRONT is completely independent. This means we're not told what to do by some bloke in a big office who goes for a dump on his coffee table and makes people sit under the glass and watch. We answer to no one other than you fine, slightly mad readers.

# WORLD'S BIGGEST CANTS

THE FIRM-BUT-FAIR PAGE THAT SORTS THE RAGING ARSEHOLES FROM THE MINOR WANKERS

## McGUINNESS

For fuck's sake, get that useless, Peter Kay's arse-kissing, Greggs-munching cunt Paddy McGuinness on The Countdown. He's single-handedly managed to produce the biggest steaming shit of a show I have ever seen. This cunt embarrassed himself on the Royal Variety Show in front of the Queen. Take Me Out? Take him out. With a fucking sniper rifle. Cunt.

Ali, via TXT

You know what, Ali? Despite Take Me Out being bizarrely compelling viewing, we've got to sadly admit that

McGuinness is one unfunny cunt. We'd like to like him, but the day "No likey, no lighty" sounds anything other than useless is the day we do a shit with wings. In at ten, Paddy. Sort yourself out.

YES

## MITCHELL

I nominate that little 'I can't keep my head still while I talk' cunt Ben Mitchell from EastEnders. If I hear his cunt-whining high-pitched voice plead with Phil not to sell the Vic or some shit like that again, then I might have to just give up my dream of seeing big Pat Butcher getting railed on her mini-bar by Ian Beale and stop watching. Fake-benefit, head-wobbling evil shite of a cunt.

Hunter, via TXT

We've decided to keep Ben off The Countdown before, Hunter, due to a minimum height requirement. He's grown, though. Can we call a 13-year-old a cunt? Let us know, readers!

## FOXY BINGO FOX

Why is that cunting cunt of a fox not on The Countdown yet? You know the one – the cunting fox that comes on advertising bingo before that cunt show Jeremy Kyle. That fox needs to be put on The Countdown. Maybe put him and Jeremy on as a double cunt. Just a thought.

Alan, via TXT

**He's a shitty dickhead alright, Alan; an abomination against everything sacred and non-cunty. He's not, strictly speaking, human, but that doesn't stop him being a massive dick of a cunt. In fact, as our first non-human number one, that makes him even more impressively cunty than any other cunt that's gone before. On you go, you hairy cunt! Let's go fox-cunting!**

## WARD

I've got a cunt for you: that Josh fucking Ward cunt from that bastard T-Mobile ad. I don't want to join your piss-poor excuse for a band, you scrote, so shove your free text propaganda up your arse, cunt.

Greg, via TXT

**Fine call, Greg. We don't fucking get it. He's got free texts, and then he's in a band? How are they connected? Wouldn't it have been easier to e-mail all those people? Josh Ward is a time-wasting no-computer cunt.**

## WHO'S MISSING?

Give us a cunt! Who riles you to the point of frantic violence? Put your anger into words and let FRONT spread your spite across the land. Let us know:

I can't stand cunting Lady Gaga. Her hair always looks like a sheep came in it then roughed it up. Please, I beg you, cunt her right up there with the greatest. Oh yeah, and I heard she has balls.

Chadderz, frontarmy.co.uk forums

Sorry, Chadderz, but we

can't possibly place Lady
